It just doesn't get better than this

OUR JOB IS TO KEEP IT THIS WAY

Your city employees want to start the new year with a big *Thank You* for appreciating our efforts in keeping Calgary clean and green. You gave our garbage and recycling teams a *97% satisfaction* rating last year.

Making your city  
work for you

And we'd also like to thank the City for reaffirming their commitment to keeping this service public — and saying *No Thank You* to a for-profit service that would have cost taxpayers *5-20% more!*

**Snow Route Parking Bans** - The following routes in Silverado are considered snow Route Parking Bans: Silverado BLVD, Silverado Way, Sheriff King Street, Silverado Skies Dr. Silverado Skies Link, Silverado Ridge Link.

The SRA board wanted to make sure all owners/occupants that park on the street/BLVD aware of the City of Calgary parking bans when it snows 5cm or more. The City of Calgary has put up small signs on all snow route streets, but they are not easy to see. Here is the link to read up on how the parking bans work: [www.calgary.ca/Transportation/Roads/Pages/Road-Maintenance/Snow-and-ice-control/Snow-Route-parking-bans.aspx](http://www.calgary.ca/Transportation/Roads/Pages/Road-Maintenance/Snow-and-ice-control/Snow-Route-parking-bans.aspx)

The Snow Route parking ban program supports snow plowing operations by removing parked vehicles from the streets, and allowing crews to clear snow from Calgary roads more efficiently and effectively. During a ban, parking will be temporarily restricted on designated Snow Routes for up to 72 hours. Parking bans are reserved for the few times each winter when there is a large build-up of snow on city streets.

**Thursday mornings, 10:00 – 11:30, January 21 to March 31, 2016. Free child-minding, coffee and snacks. Parenting tip sheets and children's books to take home.**

This free program is open to all parents of babies and young children.

- Help your young children learn and develop their potential

### Positive Discipline in Everyday Parenting Register Now

**Tuesday mornings, 10:00 am – 12:00 pm for eight weeks. Next sessions are February 2 – March 22, 2016; and April 12 – May 31, 2016. Program offered free of charge and includes program materials, child minding, coffee and snacks.**

Children have the right to protection from physical punishment and to positive discipline that respects their dignity. In this wonderfully affirming program, parents of children 0 – 18 years will learn the four principles of positive discipline: setting goals; creating a positive home climate; understanding how children think and feel; and problem solving in challenging situations. Parents will practice their skills in hands-on exercises and learn to apply these principles across a wide range of situations. The result will be a positive relationship with your child that will last a lifetime.

This program is facilitated by the SWCRC's social workers. To register, please call Marylou Breig at 403-238-9222 ext. 225 or Aynsley Walsh at 403-238-9222 ext. 224.

### Neighbours Helping Neighbours

Many thanks to those of you who donated baby and

personal care items to our Neighbours Helping Neighbours program over the holiday season. Such a generous response! Please know that it means a great deal to the individuals and families who receive these items that people in the community care about them.

We are still in need of the following items: diapers sizes new born, 4, 5 and 6; baby shampoo; men's and women's deodorant.

### SWCRC Volunteer Opportunity: Parenting Group Assistant

SWCRC is expanding its parenting education programming. To support the participation of low income and socially isolated parents, we would like to offer free child care for the parents' young children. As a member of our team of Parenting Group Assistants, you will care for the children by providing a safe, loving and fun environment in which to play, socialize and learn. The time commitment is approximately two and a half hours, 9:30 – noon, either Tuesdays or Thursdays.

It takes a village to raise a child. Your passion for kids, and your desire to contribute your knowledge and experience towards a community effort to optimize children's social, emotional and intellectual development, will inspire you to contact the SWCRC for more information about this important volunteer role. Call 403-238-9222 ext. 222.

**Year In Review**

The last 12 months have been transformational for our Caucus; they have been a time for thought, for reflection, and most importantly for engagement.

We started 2015 recognizing the challenges that laid ahead for Alberta, recognizing the need to stand up and secure our fiscal future. We asked Albertans for a mandate to lead this province, but we did that without listening, and without acknowledging the concerns that Albertans had raised. The results of the election were a call to restore the core values and principles that our Progressive Conservative team had always been built upon. Since May 5, we have had an opportunity to renew and rebuild, and most importantly to listen. We have had to ask ourselves the tough questions, and to be honest about what needs to change as we work towards the future. We have spent the last several months engaging with Albertans across the province to take stock of what went wrong, what we can do better, and how to move forward together.

While we didn't come out of the election as government, we did come out with a small but mighty team of elected officials and experienced legislators, representing more than half of the 16 MLA's to be re-elected in the province. As we work to restore the trust of Albertans, we are committed to listening and representing each and every voice in this province; working to ensure that all Albertans are heard over the next four years.

**Budget 2015**

As Alberta continues to weather through fiscal and economic challenges, our team has worked to better understand the problems that Albertans are facing. This fall, the NDP government tabled a budget that failed to support both businesses and families, while at the same time burdening this province and future generations with unsustainable spending and debt. Our caucus has worked through this budget and raised the concerns that people are seeing day to day. As thousands of Albertans continue to face job losses, Interim PC Leader

Ric McIver (Calgary-Hays) pushed the government to develop a balanced approach to spending, one that creates jobs and stimulates the economy, and restores stability to Alberta's finances. Mr. McIver worked to hold the government accountable in developing a responsible long term plan for Alberta that includes a commitment to cut government waste, and seek efficiencies in public spending. Albertans deserve a financial landscape that supports investments and innovation today, and provides stability for tomorrow.

## COUNCILLOR, WARD 14 PETER DEMONG

Greetings Ward 14!

Great news! You have an extra day in February! I'll be making sure that the City is using that extra day—and the other 365—wisely, and I want to mention a couple of ways we'll be doing. Let's leap right in to it.

### LED Streetlights in Ward 14

The lights we use to brighten our streets at night have a huge impact on this city, and not just in terms of better visibility. They require us to produce energy, they can cause light pollution, and they often need to be replaced. I am happy to say that in 2015 we began retrofitting streetlights for new light emitting diode (LED) bulbs, and will continue into 2018 until the retrofitting of 80,000 streetlights is complete. They will be replacing the high pressure sodium lights that the City has been using for some time now.

The financial benefits of the project are clear. With all the lights installed we expect to save \$1 million annually on maintenance costs, and \$5 million in annual electricity costs. But there are also some benefits that are not as easily represented in a financial statement. They will reduce energy consumption by up to 50%—the equivalent of powering 2,820 homes per year—and will drastically reduce light pollution. I think you'll find you'll be able to see better too.

The LED streetlights are coming to Ward 14 very soon. Silverado is scheduled for retrofitting during the first quarter of 2016, and the rest of Ward 14 will be done during the third and fourth quarters. Let me know what you think of them!

### Interactive Parks and Roads Map

As I write this just a little before Christmas, the Roads department, Parks department, and I are hoping for some snow to test a project that we have been working on. We had an exceptional amount of snow during the winter of 2013/2014, and we learned many things from the experience. Based on people's comments to my office, the lack of communication between the City's crews and its headquarters became very apparent. A highlighted map was literally the only way for us to know what had been cleared and what had not.

The result of our work will be real-time information not only on what roads and pathways have been cleared of snow, but eventually what parks have been mowed as well. It will be available to the public in an online map made possible with GPS outfitted equipment. It is a significant step forward in the level of service that we provide citizens. All we need are two significant snowfalls to test the system out. Hopefully we will have had them by the time you read this.

### February Counciltalk

Thank you to everyone who attend Counciltalk in January. If you didn't get a chance, or would like another opportunity, the next one will be on February 27 at the Chaparral Resident's Association Lakehouse (225 Chaparral Drive SE) from noon to 2 p.m. If you can't make that one there are other opportunities listed at [calgary.ca/counciltalk](http://calgary.ca/counciltalk), or you could sign up to get reminders of all the Counciltalk dates at [calgary.ca/ward14connect](http://calgary.ca/ward14connect).

Have a wonderful February, and don't forget that you can always contact me.
