PRESIDENT'S MESSAGE

MUCH happiness to all of you, our Crossroads residents. As I write this, our Annual General Meeting has not yet happened. Thank You to all that came out to support your community and its members and especially to those that committed your valuable time to make your community better.

I recently attended a conference on the topic of Crime Prevention through Environmental Design and learned from professional planners from all over the world. I also have had the opportunity to hear from other wise Calgarians that assure me the Crossroads is the “next community to blow up” as far as real estate and development go. It opened my eyes to where we are as a Community Association in community planning. We need more residents to step forward and join our planning committee. If we do not get more residents involved with this aspect of our Community, we leave it to others to decide how our future neighbourhoods look. Join us. Reach out and show your interest at crossroadspresident@gmail.com. I'll share a few more details later in the newsletter.

Our next Movie Nights are October 13 and November 10 are our next 2 dates for Family movie nights. More details later in this newsletter.

Hear from our Airport rep Brian later in the issue and hear about what he is hearing at the airport meetings and how you can get in touch with him.

Drum Fun, Pub Nights, Scouting and Guiding are all back and running in our hall. See all the details in the coming pages.

I hope you are all getting the hang of your green carts. What goes in them, when the new pickups schedule is and the like. If you have any questions, 311 is a great

place to start, but more details from the city recycling services in this newsletter.

Let's help keep each other safe. Join our Facebook Safety page <https://www.facebook.com/groups/1849696171950456/> and add to the discussion. Join us to make our community safer. Look out for your neighbours Crossroads. You can follow the CCA on Facebook and twitter as well (@crossroadscomm).

Thank you to ALL of you that have joined us at our events, volunteered for Community events and stepped forward to join us on the board to make our Community even better. YOU are the reason we are the best Community in Calgary. Keep being you Crossroads.

NOTE FROM THE EDITOR

October is a fun month! We are blessed with the autumn colours and the excitement of Hallowe'en is upon us.

I love seeing the Hallowe'en decorations go up in our neighbourhood. It makes it so much more fun when taking my son around trick-or-treating. Knowing how much work goes

into the displays in the front yard and decorations in the windows, I must say it's definitely appreciated. It actually makes this time of the year more enjoyable and the community friendlier. I'm quite proud of our community's festiveness.

As for the gorgeous fall colours, nearing the end of October we bid them farewell and have to clean up our yard of all the leaves. This year though, we have the green bins to help get rid of yard waste, including whatever is left in our gardens.

For me, the green bin is an adjustment and making sure to contribute to it is a constant reminder. Although I recall the introduction of the blue bin a few years back and there was a push back from that. Now it's become a part of our lives. Just like the green bin will be.

I look forward to seeing more activity this October with those out in their yards cleaning it up for the grand Hallowe'en displays.

Enjoy your month!

Christine

Airport Noise Report

My name is Brian Vasseur and I'm your community representative on the Calgary Airport noise community. I live in Mayland Heights, near Sir John School and I'm about right in between both runways. I am also a pilot and I did my flight training at Calgary International and I do a lot of travel for business. I have a pretty good understanding of the airport from a lot of perspectives.

The Calgary Airport, YYC, has been a part of our city for decades and there have been a lot of changes since it first opened. The new North South runway, and now the new International Terminal, have changed both the flight paths and frequency of airplanes over our neighborhood and this has caused a lot of concern.

The YYC Airport Authority has a lot of information on their website that provides updates on procedures, noise monitoring and anything else going on like maintenance. The YYC Airport Authority, Nav Canada who controls the airspace, and the airlines are interested in finding the right balance between operating the airport and being a responsible business. At the last meeting, the Nav Canada representative explained that safety is paramount and that they move slowly to evaluate every change and don't make too many changes at once. Here's a few of the changes they've made so far.

There are a number of runways at the airport and they are named based on compass headings. Planes always land and take off into the wind and as the wind changes the flight path changes. Planes landing or taking off to the north use runways 35L (the original runway) or 35R (the new one). When both runways 17L (the new one) and 17R (the original one) are in use the planes are flying south over our neighborhoods. Planes taking off from 17R (the original runway) fly straight out until they climb to 3000 feet and then they turn to their destinations. Planes taking off from 17L used to make an immediate turn of 15 degrees left to space them away from 17R and then climb to 3000 feet which meant those

planes flew over Marlborough. Although 15 degrees is an aviation standard the Airport Authority, working with Nav Canada and the airlines, have reduced this turn to 10 degrees.

Another important change is a new procedure called RNP or Required Navigational Performance. RNP allows an aircraft equipped with advanced navigational gear and pilot training to follow a more optimum path to landing. Pilots using the new procedures now start the landing approach further out using less power and follow a very specific flight path. This results in much lower noise and fairly significant fuel savings. Currently just under 10% of the planes are using this new procedure.

A temporary change that will be happening in October will be to alternate weekend takeoffs between 17L and 17R with the takeoffs happening straight out instead of turning. This will occur for several months and the results will be tracked closely to evaluate the impact to the communities.

The next community meeting will be in December and I will have more updates to share with you. If you have a specific concern that you would like me to bring to the board please email me brian@brianvasseur.com or call me at 403-828-5281. If you want to report a noise complaint or a specific operational issue then you can do this from the YYC website <http://www.yyc.com/en-us/contactus/aircraftconcerns.aspx> or 403-735-1408.

Community Planning, How Can Crossroads Residents Have a Say?

By Larry Leach

A recent conference on crime prevention through environmental design in Calgary shared some great ideas and wisdom on how residents can have a say in how their community grows. We are now on the ground level of big changes as our inner-city communities grow. You can see the changes in our neighbouring communities: Renfrew, Bridgeland and Winston Heights/Mountview. The Midfield Mobile Home Park being closed and what is going in there will all have a big impact on our community.

Often, communities wait for their leaders to tell them how it is going to be and if people don't like it, they get upset with their leaders. My hope is that Crossroads can be a proactive community and put together a solid 5 or 6 people on a planning committee, where right now, there is one. That committee will meet and decide how to move forward, but it is my hope that we engage residents to ask everyone what they wish to see in their future community and put together a community planning document we can use to engage with our city, our developers and our residents; present and future.

Our community can attract development and businesses if we have a *clear vision* of how we see our future community. We can tell our city how we see our community. What is missing is you. As I like to say, "Volunteering is the ultimate exercise in democracy. You vote in elections once a year, but when you volunteer, you vote every day about the kind of community you want to live in." Join us Crossroads and let's start planning for a great community. If you have an interest and desire to help us, please email me at crossroadspresident@gmail.com, subject planning committee.

The Good Food Box Mission

DID YOU KNOW? Phoenix Foundation is our Crossroads Good Food Box Depot?

There is another depot to add in with the Phoenix Foundation - Cedar Court Hub near 1820 14th Ave NE

The Good Food Box makes top-quality, fresh food available in a way that does not stigmatize people, fosters community development and promotes healthy eating.

What is the Good Food Box?

The Good Food Box (GFB) is a program under the Community Kitchen Program of Calgary whereby you can purchase fresh fruits and vegetables at a very low cost. The Good Food Box is a hands-up program as opposed to hands-out. We offer all Calgarians' sustainable access to nutritious food to ensure that no one has to go hungry. The boxes are put together and delivered by dedicated volunteers who along with The Community Kitchen desire to see individuals and families accessing affordable nutritious food.

GOOD FOOD BOX OPTIONS

Small Box: \$25, 20-25lbs* of fruits and vegetables

Medium Box: \$30, 30-35lbs* of fruits and vegetables

Large Box: \$35, 40-45lbs* of fruits and vegetables

For more information phone (403) 265-7701 or email frontdesk@phoenixfoundation.ca.

Girl Guides Go to Newfoundland

Thank you to those that helped make the local 71st Girl Guides trip to Newfoundland possible! The girls had an amazing 10 days and made memories to last a lifetime.

From the mouth of one of the leaders –

“What an amazing experience! To bring it all together here’s a little story. We were standing in the Calgary airport waiting to board the plane and the girls all lined up for the washroom. Behind me was a wonderful, friendly lady who asked, ‘Where are you all going?’ St. John’s, NL was the response. Well, so was she. Then we got talking more and turns out she was a resident from this community!!! She had donated bottles to help us fundraise and now we were all on the same plane. She said she reads the newsletter every month and my response was, ‘That’s so cool because I write the articles.’ Such a small world! Thank you so much to those that helped us make this experience possible.”

A Word from the Wise

Author J.R.R. Tolkien favoured the use of proverbs in his writing and even created a few proverbs himself. The most famous of his proverbs come from The Fellowship of the Ring: "All that is gold does not glitter." and "Not all those who wander are lost". Both lines are from the same poem.

Cornerstone YOUTH CENTRE

Cornerstone Youth Centre has ongoing registration for the 2017/2018 school year, with forms available at our centre. As always, registration is free for grades 6-9.

We see all kinds of youth from a wide variety of backgrounds. No “one type” of youth is attending Cornerstone Youth Centre and we are open to all. We aim our efforts at prevention, but these skills are universal for any youth or family, thriving or otherwise. We love our community and believe strongly in its people.

Youth participate in a “40 Assets” survey in September, January, and June to help guide our programs areas of focus. These surveys tell us what “assets” the youth that attend our centre are struggling with most, so that we may tailor our efforts to teach those life skills directly. We strongly believe that what makes us great is our focus on our community’s needs. Here are some statistical metrics from last year’s 2016/2017 surveys and the evidence-based data compiled from The SEARCH Institute:

Increases over 1 year at Cornerstone with our new programming model

Total Assets Increase: +3.1

External Assets: +1.5

Internal Assets: +1.7

Support: +1.8

Empowerment: +0.6

Boundaries and Expectations: +2.3

Constructive Use of Time: +0.9

Commitment to Learning: +1.7

Positive Values: +0.5

Social Competencies: +1.9

Positive Identity: +2.7

Youth changes after one year:

Challenged Range: -18%

Vulnerable Range: +8% (Moved up from “Challenged”)

Adequate Range: -2%

Thriving Range: +12%

• High-risk behaviour patterns—Youth scoring in the “challenged” range reported

on average 3.0 high-risk behaviour patterns (out of 10). Youth scoring in the

“thriving” range, reported on average only 0.5 high-risk behaviour patterns.

• Thriving—Youth in the “challenged” range reported few thriving indicators such as school success, affirmation of diversity, and leadership. Youth in the “thriving” range reported 8 thriving indicators.

Survey Comparisons:

(Compared to The SEARCH Institutes 50+ years 40 Asset data)

Youth Experience Positive Emotions: 2.41 times as likely by attending Cornerstone

Have Hopeful Purpose: 1.59 times as likely by attending Cornerstone

Avoiding Violence: 1.27 times as likely by attending Cornerstone

Have Civic Engagement: 3.31 times as likely by attending Cornerstone

Have School Success: 1.72 times as likely by attending Cornerstone

2016/2017 General Stats:

Make an Informed Choice

On October 16, Calgarians will cast votes to elect their mayor, city councillors, and school board trustees. To help you get to know the candidates better, Calgary Public Library has invited all candidates to respond to a few questions about the Library, books, and reading. Visit calgarylibrary.ca/election to read candidates' answers. Arm yourself with the information you need to make an informed choice that will help create a strong, vibrant Calgary.

Forest Lawn Library Nature Playground

Calgary Public Library's first outdoor Early Learning Centre is now open at Forest Lawn Library! The nature playground is designed to help Calgary's kids learn and develop foundational skills through play. It's a fully accessible space with special features and movable elements to encourage creative play and exploration.

Early Learning Centres at Calgary Public Library are vibrant and interactive spaces for children ages zero to five to engage in play-based learning. Check out the new Early Learning Centre inside Saddletowne Library, and visit Early Learning Centres at Central, Fish Creek, Shawnessy, Quarry Park, and Village Square Libraries.

Free Access to Newspapers and Magazines

Did you know your Calgary Public Library card gives you free access to thousands of newspapers and magazines?
