### RENFREW COMMUNITY NEWS MESSAGE FROM THE BOARD

Welcome to summer Renfrew! I had the pleasure this past June 14<sup>th</sup> of attending the Renfrew Community Garden's Grand Opening. What a high energy and exciting event! I and the Board are extremely proud of the Community Garden group, and Lisa Mulder and Heike Pauli in particular, for all their hard work and effort in seeing this project through to ground breaking and opening! It's been a number of years of planning and behind the scenes work to get to this point and I'm delighted with the beautification and practical application of the space. It's a lovely urban oasis right here in Renfrew! If you haven't yet been to the site (1324 Phair Ave), I highly recommend it. The plants and flowers were well on their way to bearing fruit on June 14<sup>th</sup> and I'm sure the garden beds have filled in nicely since then. Congratulations and thank you to everyone who has been involved in this project!

By the time this newsletter comes out, we either will be highly anticipating in the next day or so one heck of a Stampede Day Party or we'll be recovering from it! I know I've said it before, but it's so true that Renfrew has the best volunteers who come out and make this day a success. I also want to send a shout out to David our new Director of Volunteers and Events for jumping in and taking the reins in organizing this year. Now it's time for a bit of a rest!

The summer months slowdown in terms of events taking place at the Community Association, but we ramp up again in September with the Volunteer Appreciation Dinner and Jelly Bean Dances, Pub Nights and Tiny Tots starting up again. If you would like to get involved in the community, we can always use volunteers. Please feel free to contact any Board member or come to a General Meeting (next one is July 25 @ 7 pm). Also, if you'd like to join one of our sub-committees, like the Planning Committee headed by Paul Grover; the Traffic Committee headed by Nathan Hawryluk; or our new Fundraising Committee (spearheaded by Marie Dueck), please do not hesitate to contact them directly. I'm also sure Jelly Bean/Candy Rave and Tiny Tots can always use some extra hands. All of the contact information can be found in the Contact List in the newsletter. Or if you'd like to discuss any issues regarding our community or how you can get involved, please feel free to contact me directly at president@renfrewyyc.ca.

Mikki Dergousoff, President

### **Traffic Committee**

Nathan Hawryluk is our new Director of Traffic and he is re-convening the Traffic Committee. If you have any issues with traffic related matters in Renfrew or are just all about all-things traffic related, please feel free to stop by one of the traffic committee meetings which are held the last Friday of the month (except long weekends) at 7 pm at the Hall.

### Summer Horseshoes

The RCA Pub is open Friday evenings at 7 pm (except long weekends) throughout July and August, downstairs at the Hall. But do you and your friends want to play a round or two of horseshoes on a Friday evening? As long as one of our volunteer bartenders is available (which is highly likely), we can open the Pub at 5 pm so you can get in your games (and a few beverages) before the sun sets. Please contact Marie at vp1@renfrewyyc. ca at least a few days before so she can make arrangements. We would love to see some people out on the horseshoe courts this summer!

#### **Bingo Volunteers**

Renfrew Bingo recently changed its program and now has BALLS! There are more chances to win, but there's also more work! Are you available to help out at bingo nights, which are every Monday and Saturday, once or twice or even more a month? Please contact president@ renfrewyyc.ca if you are interested in volunteering. And if you don't know what BALLS are, better head down to Bingo and check it out! Mondays and Saturdays – nickel games start at 6:10 pm with regular games starting at 6:50 pm.

Mikki Dergousoff on behalf of the RCA Board of Directors

### Friday Nights at the RCA Pub

The Pub will continue to be open most Friday nights (excluding holiday weekends) at 7 pm throughout the summer. Come down for a drink and say hello to the volunteer bartenders who would love to see your smiling faces!

### **Crime Prevention**

has been a consistent trend of detached garage break and enters in the 3 District area, with culprits targeting mountain bikes, tools, small electronics and loose change. Many of these offences are crimes of opportunity as most of the garages were insecure. Homeowners need to ensure that their home and garage are equipped with the proper security measures and then close and lock doors to prevent these offences. For more information on how to secure your home and garage visit the Federation of Calgary Communities website. Report any suspicious behavior to the Calgary Police Service at 403 266 1234 and if you witness a

## RENFREW COMMUNITY GARDEN COMMITTEE UPDATE

Heike Pauli/Lisa Mulder, Co-Chairs

We are pleased to announce that Renfrew now has a fully operational community garden, yes we do! 4 years in the making and we made it to the finish line. All beds are rented and gardeners have been busy planting vegetables and flowers. A few things are yet to be done, e.g. installing a bike rack, a picnic table and 2 benches (August) and planting fruit trees (fall). By the time you read this, we will have held our grand opening on June 14 and a report on that will be in the next issue. There are many, many, many individuals, businesses and organizations who helped us realize our community garden dream and we will acknowledge all of them in a separate article in the very near future. For now, Thank You to all of you! We invite Renfrew to come and check out the garden and meet your neighbours and friends.

**To plant a garden is to believe in tomorrow.** – *Audrey Hepburn* 

# my**YYC** Time has flown by!

The Calgary Airport Authority is celebrating its silver anniversary! July 1 marks 25 years since we assumed the management, maintenance, and development of YYC. This year we're going above and beyond by giving a little something back to our community. Throughout 2017, we are taking our passion for giving back to the next level with a campaign focused on participating in activities that benefit our surrounding community, including:

Airport activities, like reading to our tiny travellers while they wait for their flights, or welcoming Calgary Marathon runners to our beautiful city.

**Partner activities**, helping great organizations such as Habitat for Humanity, the Calgary Rotary Challenger Park, and the Alzheimer Society of Calgary in their initiatives.

**Community activities**, supporting our neighbours in their community garden builds, community fairs, and festivals with our Crew's time, passion, and expertise.

Is there a volunteer opportunity in your community that could use some additional assistance? Email us at community@yyc.com

# RENFREW'S HISTORIC SITES

The community of Renfrew currently has six sites listed on the Inventory of Evaluated Historic Resources. Our six sites are Stanley Jones School (1913), Stanley Jones Grocery (1913), Rutledge Hangar (1929), Beaumont Circus (1945), Ukrainian Catholic Church (1954) and Hillcrest Texaco (1959).

The Inventory is a list of sites that have been evaluated by the Calgary Heritage Authority according to the Council-approved policy. An Inventory site is determined to have value as either a City-wide Historic Resource or Community Historic Resource, meaning that the property has value to the entire city, or it has value at a more specific neighbourhood / community level.

This month we are featuring the Stanley Jones Grocery: 701 8 Ave. NF 1913

The Stanley Jones Grocery is an excellent example of a once common business type in Calgary residential neighbourhoods - local groceries. Community groceries were prevalent during the Edwardian era, providing residents a local source to purchase goods and were the precursor to modern convenience stores. The building was constructed in 1913 by Lazarus Goldman who owned and operated the grocery until 1920. The Goldmans, Jewish immigrants from Romania, arrived in Calgary in 1911, and operated a number of additional businesses on the premises including Riverside Meat Market and a teddy bear manufacturing company.

### **Saving Lives Through Better Predictions**

On July 31, it will be 30 years since a powerful and damaging tornado ripped through Edmonton and area. On what became known as Black Friday, 27 people lost their lives, hundreds of homes were destroyed and damage totals exceeded \$330 million. To this day, guickly darkening clouds on the horizon bring back horrifying memories for thousands of Albertans.

There were seven other tornados in Alberta that summer day. Originally, weather forecasters had warned of unusually severe thunderstorms but the sheer power, size and destruction of the weather to come was not known. Enhanced warnings of tornados went out when the first one was spotted near Leduc but for many that was too late.

The federal government has invested substantially over

the years to upgrade radars, upgrade satellites and the computer systems behind them. In the 30 years since, weather forecasting has improved by leaps and bounds and our ability to share critical weather warnings is unmatched in our history. New computer models can now more accurately forecast the weather and even predict tornados and their probable paths in advance. We now have accurate lightening, wind-chill, humidex, pollen, ice and other types of forecasting that did not exist just a few years ago. For some areas, weather forecasting is now available for different neighborhoods within the city.

While we all can remember a day when the forecast was wrong, and we like to curse the 'weatherman', we take for granted how accurate the forecasts generally are. Accurate weather forecasting is a critical part of our economy as it helps farmers, mariners, pilots, construction crews and the general public make important and life-saving decisions ahead of time.

Canadians now have the ability to track weather through radio, television, computers and various other methods. The ability to send weather warnings to people via their televisions, computers and smartphones has saved lives and property across Canada. As we head into the severe summer weather season, Canadians are encouraged to consult the weather on a regular basis, especially if they plan activities outside or may not have easy access to safe cover from the weather. There are a number of free weather alerts available through weather forecasting websites, including Environment Canada at www.weather. qc.ca.

Those who take risks with the weather should realize they often put their lives, their loved ones' lives and the lives of emergency workers at risk unnecessarily. As the saying goes, "If it is predictable, it's preventable". Let's have a great summer and thank those who work invisibly behind the scenes to ensure we have a safe summer, no matter what the forecast may be.

## Hats Off to the Beaver

Fur trade was a historical benchmark of Canada's international commerce. Felt from beaver fur could be molded into many creative hats. From top hats to bowlers, tricorn hats to fancy women's hats, the possibilities were endless. Thank goodness beaver fur went out of fashion in favour of silk hats, or not as many of our iconic furry friends might be around today!

### EVENTS:

### Stampede Lunch – Wednesday July 12 (11:30 AM – 1:30 PM)

Everyone is welcome to join us for our annual Stampede Lunch as we celebrate community with some delicious food! All other Women's Centre services will be closed this day.

### WORKSHOPS AND CLASSES:

### Yoga – Wednesdays, July 5 & 19 (12 – 1 PM)

During this one hour class, we will work on strengthening the body and relaxing the mind. This gentle yoga class is for all body types, age groups and experience levels. No previous yoga experience is necessary.

### Switching Perspectives: HIV Community Link Info Session| Tuesday, July 18 (6-8 pm)

This session will enhance your knowledge, awareness and comfort around sex work and related issues of human rights, harm reduction, and discrimination. We will explore the law, local trends and research, and unpack choice, language, and stigma around sex work. Tips are provided for service providers, sex workers, and community members. Certificate of completion is also available.

# Social Issues Discussion: Refugee Women | Wednesday, July 5 (6-8 PM)\*

Refugee Women face many unique and challenging experiences when coming to Canada. Join us for a Social Issues Discussion about these experiences with Cydney Melnyk, a local researcher on refugee issues, and other women. Panelists to be announced. **Dream Catchers Wednesday, July 19 (6-8 pm)\*** 

Join us to create your own dream catcher and hear some Aboriginal stories. Dreams catchers are about magic, self-contentment, and expressing yourself.

### Hello Ward 9 Neighbours,

I can hardly believe that the summer has finally come! The next two months will be filled with a variety of outdoor events, festivals, markets, summer camps, and kids programs. I love this time of year as it is a chance for all of us to spend time with our families and friends and create great memories.

This year is especially important as we will be celebrating Canada's sesquicentennial (say that five times fast!), or 150<sup>th</sup> anniversary. Throughout the city you will find events to commemorate this important day and to celebrate our diversity. This includes multicultural performances, Indigenous celebrations, fireworks, musical performances and so much more. For information on events happening July 1 in Calgary go to calgary.ca/ canadaday and be sure to fill up your calendars!

Throughout Ward 9 you will also find events being hosted by your local community associations, non-profit organizations, faith institutions and local businesses. I encourage all of you to check out what is happening in your great neighbourhood. You can do this by going to your local community association's calendar, or visiting the City of Calgary's page at www.calgary.ca/General/Calendar/Pages/home.aspx. You'll be pleasantly surprised at all the great family-friendly events there are and all the opportunities they offer to connect with your friends and neighbours.

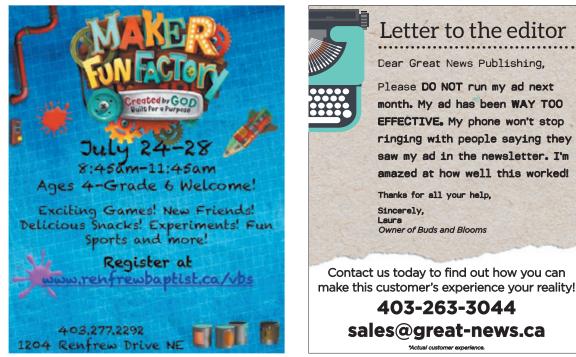

From the Inglewood Night Markets, to the Stampede Breakfast in Renfrew and Stampede breakfasts all across Ward 9, there is something for everyone this summer. Also, be sure to keep an eye out for the Park n' Play programs coming to your neighbourhood. The Park n' Play program teaches kids games and activities that they can use to become and remain healthy and active.

With all of this summer fun and the excitement that comes along with it, I want to encourage and all of you to stay safe. Floating the Bow and Elbow Rivers is a right-of-passage that every Calgarian should experience at least once. Please be sure to check that the rivers are safe before getting in your raft or kayak by visiting www.calgary.ca/watersafety. So, this summer, enjoy our great city by walking, running, biking, paddling, driving, or any of your preferred travel options, to the incredible parks and public spaces that Calgary has to offer.

As always, if you have any questions or concerns about your neighbourhood, please do not hesitate to contact your Team Ward 9 at ward09@calgary.ca or at 403-268-5330
