Before and After School Program Update

Happy New Year, everyone!

December sure was a great month for us! We enjoyed some nice winter weather and the children loved the snow and holiday activities we participated in all month. The public school kids enjoyed a few theme days at the end of December including Star Wars, All Things Magic, Super Hero Day, and PJ Day! We put on a successful Winter Mixer for our families that included some fun family activities and crafts as well as delicious home baked goodies from some talented bakers.

As we return back from our winter break we will continue building our routines and schedules with all of the children. The catholic kids will have their time off at the beginning of January and will be enjoying similar theme days to those at the end of December. We will be exploring the Chinese New Year with the children through games, crafts, and activities.

We will soon be getting busy with Teachers Convention, Spring Break, and then Summer Camp registration.

If you are interested in being put on our waitlist for the next school year, please contact us at bhca.basp@shaw.ca or by calling 403.295.8837x104.

Stay warm and enjoy the season!

News from the Friends of Nose Hill

by Anne Burke

For the Nose Hill Trail and Pathway plan (2004) there was a commitment of \$4.5 million from the Enmax Legacy Parks Program of the total \$6.6 million. From 2007-2012, this was for ongoing trail repairs, renewing degraded land, restoring damaged habitat, adding interpretive and orientation signs. Trail work was expected to continue for several more years. The paved pathways were intended to manage use and help protect the prairie grasslands (plants and wildlife).

There was a recent urgent item of business for City Council from a Community Services Committee report which was received for information. An update on City Parks Projects contains more information about capital funding for Nose Hill Park.

Council created the ENMAX Legacy Parks Program in 2003. The purpose was to develop new regional parks and improve existing ones, local community parks, and open spaces. A steering committee is responsible for managing the funds, including an investment plan for infrastructure, in some cases. City Council invested over \$135 million through this program. In addition, Council approved \$75 million for more projects to 2017.

Due to the economy, part of the 2016 ENMAX dividend is no longer available. So, there are shortfalls in funding for future priority projects. Some projects are already in progress and others are on hold, although design work was already done.

There is no shortfall for Nose Hill, because the Legacy-funded portion is complete and the construction in north and south zones is underway and ongoing. The total amount was \$4.4 million from phases 1 and 2; the non-Legacy budget was \$1 million and total project budget is \$5.5 million. The total actual cost to date is \$4.6 million, in addition to about \$54 thousand for existing purchase orders not yet invoiced. The remaining allocations are \$800 thousand.

An action plan for Calgary will enhance the urban forest and landscape, protect the environment by encouraging public awareness, and ensure that we have access to nature. In general, parks support biodiversity: a variety in the number and types of plants and animals in a particular area, such as Nose Hill, or in the world. Our parks network and open spaces offer recreational opportunities and help to offset carbon in urban spaces.

Happy New Year! Parliament rose at the end of December and I have enjoyed having an extended opportunity to spend time with constituents working at home in Calgary. I have had the chance to meet with many individuals in our community and hear about the issues important to them. I look forward to the House returning soon so I can continue to work hard on your behalf in Ottawa.

Over the last number of weeks I continue to hear from individuals who are being impacted by unemployment. This continues to be of primary concern to me. I will be holding a 'Alberta Jobs Round Table' meeting on January 12th at 11:45 AM. I want to hear directly from those in our community who are out of work, employers and social assistance service providers (like food banks, etc). If you, or someone you know, would like to attend, please contact my office at 403-216-7777 or email Michelle.Rempel@parl.gc.ca for more details.

Many of you have likely received the government's mail out regarding electoral reform at your home. On October 11, 2016 I submitted the results of my consultations with our community, to the special committee on electoral reform, which found 79% of respondents did not think we needed to change our current system of voting and 91% felt a referendum should be held prior to any changes being made. In fact, the government's own electoral reform committee agreed that a national referendum should be held prior to any changes. However, you will note, that the government's mail out to you with respect to electoral reform makes no mention of a referendum at all. I will continue to advocate for a referendum prior to any changes being made to the electoral system.

There will be many critical issues debated in Parliament in the coming year. As always, I encourage you to contact me at my office on any issue of importance to you.

IN & AROUND CALGARY

Top 4 New Year's Resolutions for a Better Neighbourhood

A message from the Federation of Calgary Communities Building Safe Communities Program

Happy New Year! A better neighbourhood starts with you - start 2017 by being a good neighbour!

Here are 4 initiatives you can do to improve your neighbourhood:

- 1. Don't be a stranger** - Make it an objective to say "hello" to at least three neighbours that you don't know by name. Who knows maybe you'll make new friends!
- 2. Experience the great outdoors** - Plenty of neighbourhoods across our city have access to parks and pathways. Make it a point to be outside more often. Not only is getting outside good for your mental and physical health but it can build a greater appreciation for your neighbourhood.
- 3. Look out for one another** - Creating a safer community requires doing 1) and 2) on the list. When you're connected to your neighbours a sense of safety can be achieved. The more often you're outside, you can readily identify any unsafe aspects in your community.
- 4. Purchase a membership** - Obtaining or renewing an annual membership to your community association can offer social, recreational opportunities and community life.

For more resources check out our website at www.calgarycommunities.com under the Building Safe Communities tab.

Happy New Year! My best wishes for 2017 to each of you.

I want to make sure you are informed about programs that you may be eligible for, like the Carbon Levy Rebate rolling out at the beginning of the month; the rebates are automatically available if you have filed your 2015 income tax return. Most Albertans will receive a rebate that will be exceed than the costs they incur because of the levy. As well, Alberta Child Benefit and Alberta Family Employment Tax Credit are available for parents with a net income of less than \$41,220 per year. For more information on these benefits or on additional programs, please contact my office or visit www.alberta.ca.

Before Christmas, I was fortunate to deliver grant funds from the Community Initiatives Program (CIP) to two amazing organizations in the constituency: the STARS Foundation and the Association for the Advancement of Science and Engineering Education. Both of these incredible organizations are so worthy of these grants. I look forward to seeing their continued successful operations.

Small business owners and entrepreneurs are very important to our province. There are hundreds of small business owners in the constituency and I want to hear from you. To get your feedback, I will be hosting a Small Business Town Hall this month. Please visit my Facebook page (@MLAKarenMcPherson), or connect with my office for details on date and time. I welcome your thoughts and I look forward to sharing some information with you on the supports available for starting, opening and maintaining small businesses.

As of January 2nd, 2017 my office is open from 9am until 4:30pm on Monday, Tuesday, Wednesday and Friday (we will be closed for lunch from 12:00 pm-1:00 pm). On Thursday's our hours will be 12:00 pm until 7:00pm. Greetings Residents,

Sunny side up! New map shows the solar potential of your roof

Wondering about the potential amount of sunshine on your home's roof and how it compares to other homes? Check out the City of Calgary's Solar Potential Map to find out!

The new map is intended to be a starting point for Calgarians who are curious about the viability of solar as an energy source for their particular home or building. Using data collected in 2012 and 2013, the map shows all buildings in Calgary's city limits and their varying degrees of solar exposure, on an annual basis, in generalized optimal conditions.

"The solar potential map can be the first step in determining if a solar energy system could work on your home," says Liz Findlay, manager of Geospatial Business Solutions, the group who created the map. "People considering a solar installation should contact a solar system professional to conduct a thorough assessment for their particular building and location."

The best place to look for solar professionals is the Canadian Solar Industries Association (CanSIA), which has an online member directory.

Solar energy isn't just for homes. Various City facilities already have solar systems installed to off-set some of their electricity needs and costs. You can find the particular locations on the solar potential map using the information icons on the map or scrolling through the project listings on the left side bar. To find your home on the map, simply type your home address in the search bar.

HOW DO I MAKE A WILL?

Although you don't need a lawyer to draw up your Will there are certainly advantages to having a lawyer do it. They have expertise that you can call upon for matters such as tax consequences, trusts, making suitable arrangements for young children and many other issues.

WHEN SHOULD I CHANGE MY WILL?

You should look at your existing Will at least every few years to make sure it is still up to date. There are two ways to update your Will . You can write up a separate document that only changes part of your Will, which is called a "Codicil". You can also make a completely new Will if there are major changes to be made.

You should not change your Will by marking or crossing out words, as such hand written changes are unlikely to be effective.

WHAT OTHER DOCUMENTS DO I NEED?

An important part of estate planning is having a Will and advance medical and financial directives such as an Enduring Power of Attorney and a Personal Directive.

Enduring Powers of Attorney and Personal Directives come into effect if you become incompetent during your lifetime and are important documents to have in place, together with a Will.
