FROM THE BOARD

ECCA Members Discounts “Show your Card and Save”

The ECCA is running a “Members Discount” Program.

Our Business Members have graciously extended special offers for card carrying ECCA residential members. This program was newly launched earlier this year, and will continue to grow as we partner with more local businesses.

We invite you to check in regularly for offers on our community website <http://www.eccacalgary.com/business-directory/ecca-members-discounts/>

The ECCA is continually striving to increase the benefits and value of holding a current residential membership. 100% of membership fees go towards community programming and future development projects.

Bring your lost pet home

At Calgary Humane Society we see a lot of stray and lost animals, especially during the summer months. Thankfully, many of these animals are quickly reunited with their families due to proper identification. Identification is the best way to ensure your pet gets returned home if they become lost. It not only helps our animal admissions staff, but it also sends a visual clue to anyone who might find your pet. Identification lets them know your pet has a family that is probably looking for them.

There are several different types of identification available to pets: collars, tattoos, city identification and microchips!

Collars: This type of identification is the least expensive and the easiest to update. Collar tags can be printed with any information you want while some collars can have information embroidered on, reducing the risk that a tag will be lost. When choosing what information to place on a collar or collar tag, we recommend including the contact information where you are most easily reached. The more information you include, the faster you can be contacted about your pet!

While collars are inexpensive and highly visible they are also easy to lose, especially the "break away" collars recommended for cats. Break away collars are safer as they will snap off if the cat gets snagged or caught. If you are using a collar for identification we recommend choosing a permanent form of identification (tattoo or microchip) as well.

Tattoos: Tattoos are typically found either in the ear or on the flank of an animal. Tattoos are relatively inexpensive and are normally done when an animal is having another required surgery.

Tattoos are a letter and number combination that trace back to the vet clinic or shelter where the tattoo was done so it is important that you update your informa-

tion with the clinic or shelter if you move or change your phone number. Unfortunately, sometimes tattoos can fade or become blurry with age. If a tattoo is unreadable, it can be difficult to trace. If you notice your pet's tattoo is difficult to read you may want to talk to your vet about a microchip.

Microchips: Microchips are relatively new but quickly growing in popularity. Microchips are a small chip (about the size of a grain of rice) that is injected under the skin of the animal, usually between the shoulders. Microchips are with the animal permanently and can be scanned with a specialized microchip scanner at a shelter or veterinary office. Microchips are not GPS units, so they won't track your lost animal but they do link to the owner's information if the animal is brought in. Unlike tattoos, microchips can be done during any vet visit and do not require sedation.

City License Tags: In Calgary, bylaws state that dogs and cats must be licensed. If your pet winds up at City of Calgary Animal Services then a license tag is one of the best ways to ensure your pet makes a speedy return home.

Important note: City staff cannot release license information due to privacy laws, so most shelters and veterinary offices will call animal services staff to pick up animals that come in with city licenses.

So how do you choose identification for your pet? Ultimately, the more identification your animal has, the better chance they have of being reunited with you if lost. At minimum, we recommend making sure your animal has both permanent (tattoo/microchip) and temporary (collar) identification.

From all of us at Calgary Humane Society: Have a safe and happy August!

your COMMUNITY business of the month

Servus Credit Union

Evanston Community

Servus Credit Union builds a better world – one member at a time.

We do this by providing financial products and services based on expert tailored advice. We're here for our members through all stages of their lives. We help them achieve personal satisfaction and enjoy financial stability and a good quality of life. And we're committed to making a difference in the communities where they live and work.

Servus is a member-owned, community-based financial institution with roots dating back to 1938. We're Alberta's largest and Canada's first provincewide credit union. Servus serves members from more than 100 locations in 62 communities across Alberta and has assets of \$14 billion.

Servus offers a complete line of financial products and services, including loans, deposits, investments, insurance, trust, agricultural and commercial lending, online and mobile banking, ATMs, debit and credit cards and financial planning.

What sets Servus apart from other financial institutions is our commitment to:

Member-Ownership

Member-ownership in Servus Credit Union comes with the purchase of common shares. All it takes is a \$1 investment to benefit from credit union membership, including the right to democratically elect and run for a position on the board of directors. Our members also share in our profits and are protected by a 100% deposit guarantee.

Exceptional Service

Our service is powered by the knowledge and experience of over 2,300 employees, every one of them dedicated to helping our members improve their financial well-being. In 2014, Servus achieved the highest score on overall member service satisfaction in Alberta (75.4%).

Local Decision-Making

Servus is an Alberta company based in Edmonton with regional offices in Lloydminster and Red Deer. Staying close to the people we serve is fundamental to our success. We experience the same economic highs and lows and can adapt quickly to meet our members' needs. We also support 34 community councils – volunteer groups made up of credit union members who identify activities and needs within their geographic and

cultural communities and keep us informed on matters of interest and concern.

Profit Share

Sharing our success with the people who make it possible is a fundamental principle of being a credit union. In 2014, we returned over \$50 million to our members.

100% Deposit Guarantee

Members' deposits are 100% guaranteed by the Credit Union Deposit Guarantee Corporation (CUDGE). This means that both the money they put in and the interest they earn are safe and secure – up to any dollar amount. The Government of Alberta ensures that CUDGE carries out its obligations to depositors.

Community Support

Community building and people helping people are two of the guiding principles that make Servus and our employees unique. Through a variety of donation and sponsorship programs, we help build lives, not just bank accounts. In 2014, we contributed \$2 million to community investment activities across the province.

We're very proud of our heritage as an Alberta credit union. Service to our members and communities has been the foundation of our success and is a continuing priority for us. Our members are not just numbers. They're the reason our employees come to work every day.

Think outside the banks.

781 Royal Canadian Air Cadet Squadron

Calling All Youth

Are you between the ages of 12 and 18 and interested in learning the skills of flying? Are you looking to make new friends while learning other valuable skills? Then Air Cadets might just be the youth program you are looking for.

781 "Calgary" Squadron was founded and remains in the heart of northwest Calgary and has a membership of more than 180 cadets. Regular parades (meetings) are held Wednesday evenings from 6:30 to 9:30pm. Be prepared to spend several fun weekends throughout the year completing a number of activities including training, tours, survival and gliding.

Air Cadets follow the military tradition of wearing uniforms, and we form a team which prides itself on leadership and citizenship qualities, physical fitness, and knowledge of the air activities of the Canadian Forces.

Cadets also participate in fun activities like gliding, flying, camping, survival training, get the chance to travel and have summer employment opportunities. There are scholarships and bursaries. Some provinces even offer school credits for participation. We also have opportunities for parents and adults to volunteer as officers and civilian instructors.

Come to our offices located in the Vecova Centre (formerly the V.R.R.I.), 3304-33 St NW, on Monday September 14, 2015 at 7:30 pm with your birth certificate/Passport/Permanent Resident Card, Alberta Health Care Card and your parent or guardian for a new recruit presentation. At this presentation we will answer any questions that you may have regarding the program or our unit specifically.

For more information please visit our website, <http://781aircadets.ca/>

"Many people think of Cadets as preparation for a career in the military, but it is really about preparing for life; about developing the skills, the qualities and the confidence that will allow these young people to prosper and contribute to the Canada of tomorrow."

- Art Eggleton, former Minister of National Defense

Happy August, Ward 2!

What an amazing summer we've been having. I hope everyone has been able to get out and enjoy some time off with family and friends.

Not everyone can leave the city for a summer break, but even if you're here, there is always so much going on. The City has so many fun music festivals, water parks and campgrounds that are sure to keep you busy.

August is also the time where we start winding down a bit from all the summer travels and start prepping the kids for the school year ahead.

I've listed a helpful tip below for getting the whole family back to a routine before September arrives.

I want to wish you all an amazing and safe last month of summer.

Joe's Tip: Transitioning from the carefree days of summer, back to the academic school schedule can be a tough one. But if you can begin gradually by getting back to routine a few weeks earlier, this will help both your kids and you.

Learning for your child's future

Many parents, when choosing a school for their child, think back to their own school experiences. It can come as a surprise to learn that school is very different today and schools offer a lot more than they did years ago.

Some families still choose a regular program designated school, and it is a choice parents can feel good about. However, it is not the only choice available. In addition to our regular program schools, the CBE offers a range of alternative programs including Aboriginal focus, all boys, all girls, arts-centered, Canadian studies, immersion and bilingual language, Montessori, science and Traditional Learning Centres.

The CBE offers these choices because we know that each child is unique. One size does not fit all. We have the most diverse and inclusive school system in Calgary. The same diversity you find in CBE schools is what students will experience in life, work and continued learning beyond high school. By embracing the richness and diversity within our school system, we are preparing students for the future.

Students today need to be equipped to compete in a technologically connected world. To succeed in this world, they need some different skills and abilities than their grandparents did. The world we live in is constantly changing and our youth need to be able to change along with it.

Our students need the support of our communities, too. Education is no longer confined to the four walls of the classroom. Our partners, communities and society play a significant role in our students' success, and in return, we believe that public education serves the good of our society.

While each student's experiences will be unique, one thing is certain. Our goal is for every student to be engaged, inspired and learning to his or her full potential. We are all invested in the future. This is not their grandparents' school. This is learning for your child's future.

You can contact the Board of Trustees at boardoftrustees@cbe.ab.ca. Follow the Calgary Board of Education on Twitter @yycbedu.
