Now that is
some serious
Calgary soccer
pride.

AND WE'RE PROUD
TO BE IN THE GAME.

It's the start of another outdoor soccer season. And this year, it's fully public — the way it should be.

That's because Calgary council has asked your city workers to take over management and maintenance of the the Calgary Soccer Centre from private organizations.

And here's our commitment to you:

- A clean, efficient facility — where you feel comfortable taking your family.
- Saving you money — city council saw a public solution as the most cost effective; there will be no more spectator fees.
- A community asset — open and welcoming to clubs, players and families from across the city.

We think this is a pretty good game plan moving forward: Let's keep city recreation facilities public and working for all Calgary families.

SHIBLEY & COMPANY

MAKING A WILL

It is a good idea for everyone to have a Will and people often have more assets than they think. Having a Will is the only way to communicate who gets what you have. Anyone with children under the age of 18 should make a Will in order to choose a guardian for their children and give directions about their financial needs.

You can make a Will at any time and should make one when you marry, start a family or divorce.

A Will contains your instructions about what you want done with your property when you die. It appoints an Executor who is responsible for carrying out your wishes and sets out what happens to your property.

It is not a complicated process and usually takes little time to prepare.

For more information, please contact Shibley & Company at 403-275-3230.

Providing legal services for northwest Calgary for over 25 years. We are conveniently located in the Beddington Towne Centre and have free parking.

Fostering Friendship

with The Shaw Family

Josh was born in Prince George, BC but considers himself to be from Ottawa, ON. His father was in the military police so his family moved a lot. He lived all across Canada and even in southern England while his father was on postings. Josh is the second of three children. His younger sister, Ciara had a baby boy late last year!

Growing up, Josh was very involved in Karate and obtained his black belt. He has always been interested in

fitness, nutrition and health. He moved to Calgary in 2006 after finishing a 3000 hour Massage Therapy Diploma from Algonquin College.

Lisa is a first generation Calgarian. She was a competitive gymnast as a young teen. After a severe elbow injury, she was forced to quit and found a new passion in theatre and the performing arts. She acted in numerous live theatre productions, including many which ran at the Pumphouse Theatre. Both Lisa's parents are from

www.rememberwhenphotography.ca

Ontario and all of her extended family are still there. Lisa's parents have a cottage in North Kawartha on Chandos Lake in Ontario. Lisa spent every summer there as a child and now goes back several times a year.

Lisa and Josh were married at Ancaster Mill in Ontario in 2012. It was one of the best days of their lives and flew by. One funny story from the wedding - Lisa's parents were up at the podium and her father was making a speech. Her mother hadn't planned on saying anything but spontaneously made a short toast to welcome Josh into the family-only she mixed up Josh's name with a good friend of Lisa's (Shawn). Shawn actually fell for the 'best woman' in the wedding and they just welcomed a baby boy.

Josh is certified in many different modalities under the scope of massage therapy including Graston Technique, Shockwave Therapy, Laser Therapy, and Kinesiology Taping. He is currently completing his B.Sc in Health Sciences from Thompson Rivers University. Josh used to teach in Calgary at a massage therapy college. He has instructed the orthopaedic assessment and clinical examination courses.

Lisa has her diploma in human resources from Mount Royal University. She has worked in human resources as a generalist in a variety of industries before making the switch to focus on marketing and partner relations in recent years in the information technology industry.

Josh is now in his 10th year of massage therapy practice. Lisa is on leave from her position of senior marketing manager for a Western Canadian IT company.

Josh and Lisa opened Energize Health, a massage therapy and chiropractic clinic in Evanston November last year. It is next to the Sobey's, above the optometry clinic. Josh is an RMT at the clinic and Lisa stays home with two year old Olivia during the day.

Opening the clinic has been a long time goal for this ambitious couple. They felt like Evanston was the perfect location for it. They describe Evanston as being full of interesting and wonderful people. Their clinic is just minutes from their home. They are clearly very passionate about helping the community feel their best and live a pain free life.

Owning one's own business does not leave much spare time! Josh takes advantage of the clinic being a short walk away and pushes Olivia on the swings at the park in between patients. Josh's passion for fitness never went away, he can be found in the gym most mornings before opening the clinic.

This little family of three enjoys trips to Prince's Island Park and Sandy Beach on weekends. Josh and Lisa are hoping Olivia will share their interest in scuba diving! Along with being a full time mom, Lisa is on the Board of Directors for Free Spirit Sanctuary, a non-profit animal sanctuary located 20 minutes north of Cochrane.

www.rememberwhenphotography.ca

Before welcoming Olivia, Josh and Lisa traveled to tropical places for scuba diving. Having a 2 year old makes that kind of travel a bit harder however they were able to go on a trip in March to celebrate Lisa's birthday.

Little Olivia has already been on 15 flights in the last two years! She is very gentle, kind, and keeps her parents laughing! Her favourite toys are her vehicles, her baby and her kitchen. She has an incredible imagination and loves to sing. She speaks in full sentences and

chatters all day. Like her mom, Olivia loves gymnastics. She also enjoys art class at 4Cats Art Studio in Evanston. Her dad proudly displays her canvas in the clinic. Olivia is requesting a 'girl baby' so we'll see if there might be one more artist in the family in the next few years!

Olivia called their 8 year old cat Lu-Kitty-Cat (Lucy) who is a timid tabby with a bad attitude. She despises other cats but Olivia is her best friend. Lucy laid claim to Olivia as soon as she came home. She was a rescue from the Meow Foundation and has made huge strides since living with this family.

Lisa grew up in the northwest so she naturally wanted to stay in the area. They chose Evanston because of the beautiful house and green space. They left their tiny house in the south east to buy their home in Evanston in July of 2012. They love the community for the business opportunity it has brought. They feel fortunate to help the people who come to their clinic along with the fantastic team of health care practitioners who they work with. They know their neighbours well and enjoy the baking and treats from one of them, delivered periodically! When asked if they plan to leave Evanston, they say, "We love the community and with our business here, and the schools which will be built in time for Olivia to attend, we plan to stay!"

NITANISAK DISTRICT

Here is some of what we were up to in March and April, and some upcoming events. Registration for next year will open to the public June 1. Please visit <https://register.girlguides.ca/web/> for more information and to register.

90th Pathfinders

The 90th Pathfinders were busying in March with completing our Be a Model Citizen. The girls learned more about what it takes to be part of this diverse community, city, province, and country that we live in. We had the pleasure of a night with the 60th Rangers and will get to do it again in April. It's wonderful to bridge with the older girls. In mid April we will be having a two night adventure camp where the girls will be doing archery, climbing wall, zip-line and horseback riding. It will be fantastic for the girls to have new challenges together.

91st Pathfinders

We are 11 girls and 4 leaders. In our pathfinder units, girls plan many of their activities, learning how to choose activities, budgeting for them, filling out safe guide paperwork, completing service projects, and taking on leadership roles with respect to planning activities and camping and fundraising.

The 91st Pathfinders have been busy! Here is a quick summary of our last two months. And remember, if you like the sound of these activities, you too can participate in guiding, as a leader or as a guide ☺

In March, we slept over at the Guide Centre where we completed some badges and enjoyed some games, exercise, and yoga outside beside the Bow river on a warm, gorgeous day. Later in the month, we curled at the Calgary Winter Club. It was fun to learn about this Canadian past time! We also went to the Calgary Pathfinder and Ranger STEM day at the University of Calgary. We explored STEM (Science, Technology, Engineering, and Mathematics) related challenges and listened to presentations about STEM themed studies and careers. Building zip-lines, lifting a load with hydraulic principles and writing computer code to draw kept the girls busy for most of the day.

In April, we had a door-to-door cookie blitz and sold at the Edgemont Superstore. Thank you for supporting us when we rang your doorbell. A cookie stand was a

great way to make sure we can fund some more activities this Spring. We went swimming for one of our meetings in April and also updated our knowledge of First Aid by going to the Children's Hospital where Co-Commissioner Sharron (who is a doctor in her 'other life') let us practice our first aid skills on dummies!

We are excited to be planning our Spring Camp in late May when we have chosen to camp in Yurts! These are circular tents on a collapsible framework, used by nomads.

A large number of pathfinders and rangers are also busy getting ready for our international camp, called Guiding Mosaic or GM for short. It will take place at Sylvan Lake in Camp Woods in July and the girls have been planning and fundraising for about two years.

The 91st Pathfinders have been/will be at some of our community hosted events such as the Winter Festival, Easter Egg Hunt, and the Kite Festival.

Thank you so much for supporting us when we sell cookies for all of these activities. We are involved in many service projects throughout the guiding year because we want to give back to our communities.

110th Guides

We did a Minute to Win It game show night, a trip to the children's hospital to learn about bones, a pottery night at color me mine, we are doing a time capsule for a future group to open, bridging with the Brownies, and planning our year end camp.

85th Brownies

The 85th Brownies spent a wintery afternoon in Bowness Park with Ranger Sarah working on their Winter Outside badge. In March, we enjoyed a Hug A Tree presentation from the Calgary Search and Rescue Association and we were busy working on badges. We look forward to selling lots of cookies and learning about Earth Day in April.

145th and 165th Sparks

The 145th & 165th Spark Units have been busy. The girls did a community service project of Birthday Boxes for the food bank and then we had an "Un birthday" party for all the girls complete with cupcakes and a

COUNCILLOR, WARD 2 JOE MAGLIOCCA

403-268-2430

Joe.Magliocca@calgary.ca

Calgary.ca/ward2

Facebook: Joe Magliocca • Twitter: @Joe_Magliocca

Neighbour Day is an opportunity for neighbours to come together in the form of BBQs, cleanups and potlucks to celebrate our strong community spirit in Calgary. Make Saturday, June 18 the day you host a block party, a picnic at your local park or even introduce yourself to a neighbour and lend a helping hand. The City of Calgary wants to encourage as many people as possible to host a local activity on their block or in their residential building. That is why they are waiving the fees for small scale local block party permits and neighbourhood park bookings for events that take place on June 18 this year. Please note the deadline for road closure permit applications is May 27. Visit calgary.ca/neighbourday for more information about Neighbour Day including an event planning kit, information about permits and other logistical considerations.

This spring, Calgary Police Service along with Alberta Commercial Vehicle Enforcement will be paying extra attention to safety infractions by heavy and light trucks. They will focus on moving violations, cargo securement, mechanical fitness and other related infractions to ensure all vehicles are roadworthy and safe. There will be check stops and enforcement blitzes throughout the spring.

With the population growth and the new development throughout northwest Calgary, certain major roadways are becoming increasingly congested. Two major projects that I have been advocating for is to twin the Shaganappi Trail overpass over Stoney Trail and to build a full interchange on 14th Street NW and Stoney Trail. Both of these interchange improvements are critical to the transportation network in northwest Calgary. I have met numerous times with officials from the provincial and federal government to advocate for these projects and I will continue to advocate for them at City Hall. If improving these roadways is a priority for you, please share your views with your local Member of the Legislative Assembly, Member of Parliament, as well as my office through www.joemagliocca.com.

Joe's Tips:

Until May 29, bring your leaves, branches, plants, grass and other yard waste to any City of Calgary landfill for free composting! You can also pick up free mulch from the landfills. Please note that the Spyhill Landfill is now open seven days/week from 7:30 a.m. - 5 p.m.

MAY MOON CALENDAR

NITANISAK DISTRICT CONT'D

small gift to take home. The girls learned about Canada's food guide and had a healthy snack relay. We had a visit from a dental hygienist to learn proper brushing and flossing practices.

We had our Heritage Park sleepover complete with a scavenger hunt, making ice cream and learning about what life was like a long time ago!

We celebrated thinking day learning about Lord and Lady Baden Powel and the 4 guiding centers around the world. Girls were given piggy banks to start collecting money for CWFF.

We had a meeting in a tent dressed in our Jammie's, sang camp songs and enjoyed delicious popcorn. The girls made a camp hat craft, a SMORE!!

As we come into our last meetings of the year the girls will be learning about Clean water and water safety, we will be learning about "Hug a tree" and they will be making a "be prepared" kit to take with us at our Spring Camp at the end of April!!

The girls have a "bring a friend" night and we will be learning some Brownie circle songs and stories because we have about 10-15 Sparks moving up!!

Our last meeting with the girls will be held at Build a Bear!

Phewwww what a great year we had!!

170th Sparks

In April, we went to the Evanston Art for Cats Art Spatter Project. We also had a Zumba for kids class.

And to finish out our very crafty month of April, we also went to Crock a Doodle pottery painting.

KAREN MCPHERSON**

Current Member
(403) 215-7710
calgary.mackay.nosehill@assembly.ab.ca

As we all welcome spring, your Government continues its Spring sitting as we debate the Budget which was introduced on April 14th, 2016. Our caucus is working very hard to do the best we can for all Albertans; we recognize the challenging economic times we continue to face both personally and financially. My office hears from a number of constituents who are definitely struggling, and I want to assure the residents of Calgary-Mackay-Nose Hill that these issues remain of paramount importance to me.

At the beginning of April, I am proud to say that the Minister of Human Services Irfan Sabir repealed the Person with Developmental Disabilities (PDD) Safety Standards Regulation in response to the input from Albertans. During the public consultation on the standards of safety for Albertans receiving supports through the PDD program, participants said Regulation was confusing and caused

undue stress in the community. The Minister accepted the consultation team's Phase One recommendations in their entirety, to implement a coordinated approach across relevant ministries which includes working with municipalities to ensure safety and to extend the Team's mandate to oversee Phase Two of the consultation. This issue is of vital importance to many of my constituents, and it is crucial that it be addressed.

The Government has established a new structure to improve the province's environmental monitoring and reporting system and this new model will replace the Alberta Environmental Monitoring, Evaluation and Reporting Agency (AEMERA). An independent review concluded that AEMERA is not the right delivery model to ensure effective and accountable oversight of environmental monitoring on behalf of Albertans and found that the private model diverted overhead costs away from monitoring, led to confusion around roles and responsibilities, and limited resources. This government continues to be committed to building standards based on international best practices and a renewed partnership with Indigenous communities; as a part of those commitments, the new structure will improve the province's environmental monitoring and reporting system and will retain an independent science advisory panel and a traditional ecological knowledge advisory panel. The government is also committed to doing the best job possible of monitoring the environmental impacts of industry and resource development as we build a more resilient, diversified economy.

On April 6th the Government introduced proposed legislation to help seniors stay safe and independent in their homes. The proposed 'Seniors' Homes Adaptation and Repair Act' (Bill 5) enables a new low-interest home equity loan program that helps seniors improve the safety and sustainability of their homes. The program allows senior homeowners who qualify to finance essential home repairs and adaptations, such as widening doorways or hallways, installing walk-in tubs, roof replacements, and electrical repairs. About 145,000 senior households could be eligible for the loan program; under the provisions of the Bill, seniors would not be required to pay monthly loan payments as they would with traditional loan programs. Low-income seniors who do not qualify under the loan program may still be eligible for a grant to help finance necessary home repairs. Consumer protection measures will also be offered, including provisions to review the reasonableness of the costs of the home repair as well as the right to cancel contracts. Keeping seniors in their homes for as long as possible is so important, and this program would address the needs and priorities of an aging population.
