There are many important issues I am working on as your representative in Ottawa. While I remain committed to holding the government to account on issues like our economy, getting Alberta workers back to work, and support for families, seniors and young Canadians, the government has other priorities.

Earlier this spring, the Liberal government tabled their legislation on legalizing marijuana. I know there are many in our community who have strong opinions on either side of this issue. As we now have a specific bill before Parliament, my job, as your M.P., is to review the legislation, propose amendments if necessary, and ultimately make a final decision on the final bill before the House. There are many questions that Prime Minister Trudeau has not answered with his current legislation. I will be asking the following questions during debate of the bill:

- What are the costs of legalization? And does he have any plan to work with municipalities and provinces or will he just download all the responsibility for implementation and enforcement to them?
- If the age of possession is set at 18, and the medical community says it's not safe for people under the age of 25, how are our kids protected from the adverse effects?
- How will he make it safe for kids? How will he make it safe for motorists? How will he make it safe for workplaces?
- How will the issue of roadside testing be addressed and what direction is being given to police forces across the country to deal with marijuana possession and driving?
- How will this legalization take the criminal element out of pot sales?

I would appreciate your feedback, questions, and any concerns you have on this issue as Parliament debates this bill. I was pleased to host a Town Hall meeting at the end of April that was attended by over 200 individuals in our community. Many of you shared your thoughts on this issue in addition to others facing our country. It is always useful for me to hear directly from people in our community as I strive to represent you in Ottawa.

One event I would like to bring to your attention is a Canada Day celebration that I will be hosting in honor of Canada's 150th birthday on July 1st. The event will run from 11:00 AM – 2:00 PM at the Edgemont Community Centre and more details can be found on my website www.MichelleRempel.ca

As always, please do not hesitate to contact me about any federal issue.

BLURRED BIRD

Native to Alberta, you do NOT want to be the prey of the peregrine falcon; they can dive at more than 300 km per hour, making them the fastest bird in the world. The highest recorded speed of a peregrine is reported to be 389 km per hour.

Summer is almost here and it's a great time to head back outside; look for me and our volunteers in Nose Hill Park this summer; we'll be handing out blue flax flower seeds and saying hello to hikers and their four-legged friends. No, don't use the seeds for your smoothie.

Albertans can now take advantage of instant rebates for energy-efficient home products; this will continue until June 11th with another six-week retail campaign being offered in the fall. Rebates for items like programmable thermostats, water-saving devices, smart power strips, and heavy-duty timers will help people save money and conserve energy. The rebates will be available at home improvement stores across the province. Details are available on the Energy Efficiency Alberta website: <https://www.energycanada.ca>.

In April I gave a Member Statement in the Legislature about the Hangar Flight Museum which is in Calgary Mackay Nose Hill. Alberta has a rich history in flight that our province can be very proud of. It's been an important contributor to the oil and gas industry, northern exploration, the development of passenger airlines, and providing assistance to northern communities. Please take some time to visit them soon.

And finally, save the date for my 2nd Annual Tacky Cowboy Shirt Stampede BBQ. We are excited to be having it at Symons Valley Ranch again this year.
