## ENTERTAINMENT REPORT

It's already May! This entertainment year is flying by once again, and what a fun year it has been!

On Saturday May 11 we are once again having a community garage sale. It will be on the field outside the hall, from 9am to 1pm. You can visit with neighbours, pick up some treasure, buy or renew your membership, and have snacks at the concession and bake sale run by Kids In The Haven, our community youth group. If you want to clear some stuff out of your house, 10'x10' plots are available for \$15 to community members and \$25 to non-members. See web-site for details on how to register.

On Saturday June 8 from 9-11am we'll be putting on the annual Pancake Breakfast. This is a fun party for the whole family, featuring breakfast and a variety of games and activities. Also happening is the bike parade – so bring a bike, we'll help you decorate it, and at 1030am we'll lead a parade of bikes on a short loop. Lots of volunteers are needed so contact Elise if you can help out with this day!

We hope you can join us at these events. If you are interested in helping to organize future events, or want to help out at an event, please contact me at [entertainment@northhavenyyc.ca](mailto:entertainment@northhavenyyc.ca).

Squirrels are one of the top threats to power grids, so much so that the American Public Power Association tracks data of squirrel incidents which they call "The Squirrel Index." Some commentators have joked that squirrels are bigger cyber terrorist threats than foreign powers.

## News from the Friends of Nose Hill

Don't forget to check out our website at [www.fonhs.org](http://www.fonhs.org) for all the information you will need about Plants in Bloom for the May Flower Count, during the last week of May (25-31). This is an annual event, when volunteers survey their favourite natural areas and provide valuable data on the distribution of flowering plants in Alberta. Conduct a fun "trek and check" through your favourite natural space. Expertise in wildflower identification is valuable, but not mandatory. Use our alphabetical flower list, which has space to record how far in bloom the flowers are.

Urban ecology and biodiversity are free and family friendly, in backyards, gardens, schoolyards, local parks, and community green spaces. At any time, citizen scientists can find nature, take photos of their finds, and share their observations by iNaturalist.ca. The app is free, enables identification, and operates all over the world now.

The Calgary City Nature Challenge involves taking photos of plants and animals (26-29 April) and then identifying them (30 April-5 May). Winners are announced 6 May ([www.calgarynatureyyc.ca](http://www.calgarynatureyyc.ca)). Calgary, Halifax, and Richmond, B.C. are only 3 of the over 160 cities worldwide to compete for the most observations, number of species, and participants ([www.citychallenge.org](http://www.citychallenge.org)). Started in 2016 with 2 cities, the City Nature Challenge went national, in 2017, and, in 2018 with 68 cities, became an international event!

The new City Parks and Pathways Bylaw states: "natural area" is a park or portion of park space where the primary role is the protection of an undisturbed (or relatively undisturbed) area of land with characteristics of a natural or native plant community. The Director, Calgary Parks, may close or restrict the use of any park (or portion of a park) to protect endangered or at-risk species; to preserve vegetation required for wildlife; and to rehabilitate a natural area.

To disturb wildlife in a park (\$200-\$300), to disturb or damage park vegetation (\$200-\$300), and to remove park vegetation (\$150-\$250) are only a few of the minimum and specified fines for offences.

As of February 2019, Calgary had the worst unemployment of any Canadian city. So, it comes as no surprise to our community that jobs and the economy are issues that are of great importance to me. I continue to fight for the workers and families in my riding as your Member of Parliament in Ottawa.

On May 23, I will once again be hosting a Career Services event at Foothills Alliance Church. The event, which **is not a job fair**, will start at 6:00 PM and run until 8:00 PM. This event aims to assist those who are looking for work by connecting them with service providers and resources that can assist with job search, resume writing, interview skills, and enhance on-line job search techniques.

This event is free to attend and will showcase local organizations and resources available to individuals in Calgary that can assist with a job search or help with the challenges that come from unemployment. For a full list of participating organizations please visit [www.MPRempel.ca](http://www.MPRempel.ca)

Hello Residents,

### **Street Sweeping is Happening in Your Community!**

The City sweeps material left behind from winter operations on over 16,000 lane kilometres of paved roads, and getting the work done is a collaborative effort. We would like to thank Calgarians for their help in moving their cars from the street and their blue, black and green carts on to the curb when sweeping is scheduled.

For more information, visit [calgary.ca/sweep](http://calgary.ca/sweep).

### **Celebrate with Your Neighbours on June 15: Neighbour Day 2019**

Held annually on the third Saturday of June, Neighbour Day is an opportunity to get together with your neighbours and celebrate Calgary's strong community spirit. This year Neighbour Day falls on Saturday, June 15.

The City is once again waiving its greenspace booking fees for approved Neighbour Day events taking place on June 15. As of January 1, 2019, The City has waived fees for block party permits. Please note the deadline to apply for these permits is May 24, 2019.

The City welcomes all Calgarians to celebrate and encourages as many people as possible to host local community events. Neighbour Day is an opportunity for communities across the city to come together in the form of barbecues, block parties, cleanups and potlucks in order to meet their neighbours and celebrate where they live.

Neighbour Day originated in 2014 to celebrate the incredible outpouring of support and generosity neighbours demonstrated after the 2013 floods. It has evolved into an annual celebration of what makes Calgary such a great city—our strong and caring communities.

For more information, visit [calgary.ca/NeighbourDay](http://calgary.ca/NeighbourDay).

Sincerely,

*Councillor Sean Chu, Ward 4*
