**PRESIDENT'S MESSAGE**

by Leslie DeGagne

We are having a party and everyone is invited. Come celebrate 60 years of TGCA September 23 weekend. There will be fun activities for all ages and will be capped off with fireworks on the Saturday night. Check the Horizon and webpage for details on planned activities then mark your calendar so you do not miss the event of the season.

Nostalgia causes people to explore their roots and take a walk down memory lane. Searching for a part of themselves that they feel is lost or sometimes just to find that old friend. The passage of time is not our friend as people come and go but in our minds a familiar sight or smell tigers a vivid memory of the past and it was just yesterday. All things play together to establish a sense of relevancy based on events of the time. A good example of this happened to me this summer as I took a trip with my older sister and husband back to Saskatchewan. We walked the streets of our old hometown looking for the old places we lived and the schools we attended. As we stood in the street, looking at the buildings from our past memories flooded over us and we once again were running in the street with friends from our past. It was satisfying to know that the main street looked the same, the old house still stood, and the sandstone nameplate of the school remained. The faces had changed and the businesses were different but the town and the lake were well cared for and even though things evolved a sense of what was still existed forty-five years later. People often say you cannot move forward without knowing where you came from.

By celebrating sixty years, we are able to pass knowledge of community as it was to the keepers of community of the future. We are passing the torch through a celebration of the past. Community is more than a building. In fact, the building is just a by-product of the dreamers who dared to believe they could create their dreams. The community building built by the hard work of those who came before me and it will stand for many years to follow used by new visionaries carrying out their own ideas of what community should be. It is hard to pass the torch and have faith that those who follow will embrace the spirit that created this

building. My experience revisiting my hometown tells me that we need to have faith in ourselves and believe that what follows in the next sixty years will be good as the infrastructure we created. This building will stand for a long time and along with it will be the sense of community and pride. A different type of community than what our predecessors envisioned, but it will be people working together and keeping Thorncliffe Greenview relevant in a changing society. We must remember Thorncliffe started as a suburb of a small city. We were a skate shack on a hill and operated out of an ATCO trailer. The children had fun and the adults became friends. We have grown from the shack to an area open year round; have evolved from a nickel bingo on Sunday night to support the scouts to a bingo that supports all children's activities to a community that is relevant in a city of over one million people. The future will see a train run past our front doors scurrying people to their homes north of us, the new suburbs. We face reinventing the vision of community as we evolve into an inner city community. The future is now and celebrating sixty years of community is a good way to pass the torch and keep the dreams alive and relevant. The board thanks Mary Lacoste, Yvonne Armstrong, Michelle Starzynski and Dot Jamieson for all their hard work over the last year in organizing this celebration. Thanks to all who have put in their time to help make this party a success. Come on out and celebrate community on the 23-25. We have a lot to be proud of.

# Neighbour Day 2016

Thornccliffe and Greenview showed their neighbourliness on June 18, 2016!

Small grants were available to residents planning an event. Two block parties were funded with these grants. It was wonderful to see people making connections, sharing food, giving tours of their amazing gardens and yards. Thanks to Jennifer and Kelly, Michelle and Rachelle for planning the events!

A couple other events happened. Greenview Youth hosted a scavenger hunt. It was great to see children out enjoying the activities. Thornhill Baptist Church held a block party with their neighbours and it was great to see residents and folks from the church enjoying food and conversation.

### I Love My Neighbourhood Small Grants:

The purpose of small grants is to provide needed resources to residents taking concrete action at the local level. They are a proven tool for strengthening community engagement efforts, developing local leadership, and increasing capacity in individuals and groups.

Calgary Neighbourhoods have some of these programs in certain neighbourhoods. What is required is a small committee of residents to help with the decision making process.

If this is something you are interested in for Greenview and Thornccliffe and you live in those neighbourhoods, contact Tannis Eapen, Community Social Worker at [tannis.eapen@calgary.ca](mailto:tannis.eapen@calgary.ca) or 403-828-8394 to discuss further.

*"Neighbour Day was a great opportunity for gathering the community and creating new connections!" Jennifer*

*"Thank you to the City for waiving the fees and allowing for the grant. Our party was a huge success allowing us to focus on just meeting and greeting both new and old neighbours. Everyone enjoys the day immensely as with our busy lives we don't take the time to just step out the front door and socialize with neighbours and it is nice to put faces to those that live in our community. Our street is by far the best in Thornccliffe but I am completely biased." Michelle*

*Rose sharing her rhubarb with new neighbours.*

### EDIBLE SIX-PACK RING

The first fully edible beer can packaging has been made from by-products of the brewing process such as wheat and barley, their six-pack holders are fully biodegradable and completely digestible. Rather than ensnaring curious animals in a corset of litter, the company's six-pack rings could serve as a satisfying snack. And if nothing is biting, the rings quickly decompose.

## THORNCLIFFE GREENVIEW HISTORY

### Thorncliffe Greenview History Book

I would like to thank all of the people who have sent in their histories for the book, it is starting to come together, however for the number of people living in the Thorncliffe Greenview area we have not even received even 1%.

The book will no longer have a deadline date so you can give your history at any time, this book will be on display the weekend of the 60th Anniversary, therefore I would like to receive a lot more people's history to put in it.

As always you can drop your history at the main office of the centre or e-mail to me (in a word document form if possible if not it's ok just e-mail) at [armstby@shaw.ca](mailto:armstby@shaw.ca) or call Yvonne 403-274-6720.

Thank you again to those who have completed theirs.

# News from the Friends of Nose Hill

by Anne Burke

The City needs help in identifying weeds in open space. The management plan involves methods to combat weed threats. These tools are biological, mechanical, chemical, and cultural controls. There are some concerns about spraying pesticides and herbicides, although the City posts signs and does have some pesticide-free parks in Calgary.

One of the controls is an organic vegetation management practice called targeted grazing, a land management strategy which is safe, chemical free, and environmentally friendly.

Beginning in June (and for three weeks this summer) a herd of 100 goats was monitored 24 hours a day by the shepherd, with herding dogs, volunteers, and horses in Confluence Park (West Nose Creek).

This is important wildlife habitat. Unlike Nose Hill, the site permits livestock grazing with an approved development permit application, although the practice is generally prohibited within City limits. As the animals fertilize the soil, their hooves help to till, aerate, and condition the ground. Their digestion is acidic, so that the seeds cannot grow as new weeds. The purpose was to control invasive species such as Canada thistle, yellow clematis, nodding thistle, and other delicious broad leaf weeds they prefer. See: online at [calgary.ca/goats](http://calgary.ca/goats).

The Urban Conservation Lead for City Parks said the public has been very supportive. We now know we can use goats in an active park, without disrupting enjoyment by park visitors, whether on foot, bicycle, or with dogs on leash. The goats did an excellent job targeting invasive weeds, such as Canada thistle, hound's tongue, and hawkwood.

The project budget was \$25,000. The City will assess and evaluate the data to decide about the project's effect-

iveness. The next step will be to evaluate its potential use in parks and open spaces. If successful, the initiative may expand to other natural areas in the city.

On the monthly BiodiverCity Committee agenda there were announcements, presentations on wildlife strategy, biodiversity implementation plan; updates from subcommittees, work plan, business unit survey, and list of potential 3rd party partners. Meetings are in downtown Calgary and open to the public. For details, contact [steven.snell@calgary.ca](mailto:steven.snell@calgary.ca).

## IN & AROUND CALGARY

### Back to School safety

Alberta Health Services EMS would like to remind parents and children about a few road safety tips, as streets become more congested, with the return of the school year. Pedestrians and motorists both have an important role to play – road safety is a shared responsibility.

#### Motorists

- Avoid talking on a cell phone, texting, or any other behaviour that diverts your attention away from driving;
- Give right-of-way to pedestrians who have activated overhead crossing lights, or who are waiting to cross from a street corner;
- Remember, it is illegal to pass vehicles - other than those that are parked - in school, or playground zones, during posted hours.

#### Around school buses

- Flashing amber lights mean a bus is slowing down to stop – motorists should do likewise;
- No matter which direction you are coming from, STOP, when approaching a school bus with activated flashing red lights – unless the bus is on the opposite side of a divided highway from you;
- Driver courtesy goes a long way. By simply being alert and cautious when approaching a school bus, you are contributing to school bus safety.

#### Pedestrians

- Cross only at marked crosswalks, or street corners that have clear visibility from all directions;
- When activating overhead crossing lights, pause and make eye contact with all drivers before stepping off the curb. This is to ensure that motorists in both directions have seen you and come to a complete stop;
- Stay within the crosswalk lines until fully clear of the roadway;
- Obey pedestrian lights at intersections. Cross the street only when you see the “walk” sign and only when all vehicles have come to a complete stop;
- If you are with young children, or pets, hold your child’s hand firmly and keep a solid grip on leashes when crossing;
- Remember: children learn by observing. By demonstrating safe crossing habits, you can reduce the chances of your child being involved in a preventable auto/pedestrian collision.

### Writings about Reading

#### Parents as Partners

It's 'back to school' and the perfect time to revisit how you can be the best partner in your child's education. You, as parent, grandparent or caregiver have been helping your child to learn since they were a tiny baby . . . and your role continues. Here are ways to help your child build their language and reading skills:

#### Get to know your child's teacher

You'll build a connection and be able to ask questions. The teacher will suggest ways you can help your child at home.

#### Read aloud with your child every day

In order to read fluently, your child needs lots of practice with hearing how good reading sounds. Take turns reading aloud a story; the more familiar the words become the easier it will be for your child to read.

#### Incorporate literacy activities anywhere

Literacy skills are used in all kinds of situations. Encourage your child when reading food labels, talking with other children, discussing a movie with the family, or when writing lists to be posted on the refrigerator.

#### Teach phonemic awareness and phonics (letter names and their sounds)

Young children hear “dog,” but not the “duh”-“aw”-“guh.” To become readers, they have to learn to hear these sounds (or phonemes). And, a child can't sound out words or write them without knowing the letter sounds. There are lots of websites and ABC books to help.

#### Keep the fun and encouragement flowing!

Write notes to your child in their lunch kit so they feel supported during the first days of school. Ask specific questions at the end of their day: what games did you play today? Who is in your class? Did you teacher read a great book today, what was it about?

An important change that will significantly impact Canadian democracy is about to happen. The Federal government has announced that it will change the way that we elect our representatives.

At present, when you vote in a federal election, you cast a vote for the person you want to have represent you in Ottawa. The candidate who receives the most votes is then selected to serve our community. They are directly accountable to the electorate in their community for their decisions.

The Federal government is going to change this process.

However, they have not told us how they are going to change the system. Instead, they've indicated that they likely will not let Canadians have a direct say on whatever they propose via referendum.

I'll point out the obvious; any politician will have a self-interest in changing the voting system. As such, I believe that it is highly inappropriate for politicians to change how they are elected without direct approval from Canadians.

My town-hall meeting last May featured a lively discussion on electoral reform and I thank all the participants for their insight and input. But, in order to directly consult with you, all households in my riding will receive a survey from me, with information on this vital topic and asking your own opinion on the subject. When you receive this please return it to me with your comments. You may also complete the survey online at [www.michellerempel.ca/survey](http://www.michellerempel.ca/survey).

I need your voice and thoughts on this urgent and highly important issue.

Hello Calgary-Klein!

It's the middle of the summer, and time to look back at another successful Stampede season. There's been a lot of amazing events taking place, and one of those events was our 2<sup>nd</sup> Annual Calgary-Klein Stampede BBQ. On July 8<sup>th</sup>, 2500 Calgarians joined us at our 2400 Centre St N plaza for our office's BBQ in collaboration with Palmer Salmon Insurance and Registries Direct.

I really valued getting to meet so many constituents a second year in a row, and it was a great opportunity to hear directly from Calgary-Klein constituents on what they think about everything our government has accomplished this past year. I talked to people about our plan to end predatory lending, the Climate Leadership Plan, and what diversifying our economy looks like.

Our little contribution to the Calgary Stampede 2016 truly had a great atmosphere, and with such delicious burgers and classic country music why wouldn't it! I want to say a big thank you to all the incredible people, who put so much effort into the event. We are extremely grateful to all our volunteers, who helped us run the Stampede BBQ without a hitch.

Until next year Calgary,

# IN & AROUND CALGARY

## Mandatory bylaw for building maintenance approved by City Council

What goes up shouldn't come down.

In the last few years, there have been several incidents of materials and debris falling off tall buildings, particularly in the downtown core. City of Calgary investigations into these events revealed that there's more to be done to prevent potentially hazardous situations and protect public safety. That's why the Building Maintenance Bylaw was developed.

It will require buildings that are five storeys or higher and 10 years and older to complete visual exterior assessments every five years.

The bylaw comes into force on Jan. 1, 2017. To learn more, visit [calgary.ca/buildingmaintenancebylaw](http://calgary.ca/buildingmaintenancebylaw).
