## 5 Excellent Reasons to Advertise in Community Newsletter Magazines

- 1. Top of Mind Brand Awareness:** Consistent advertising leads to increased sales. Companies maintain and gain market share when community residents are consistently reminded of their brands.
- 2. Payback:** Community residents trust, and call businesses that advertise in their community magazines.
- 3. High Readership:** 68% female | Even distribution of Millennial, Gen X, and Baby Boomer readers
- 4. Cost Effective:** With advertising rates as low as \$0.01 cent per household, advertising in our community magazines is incredibly affordable.
- 5. Geofence Your Audience:** Manage your budget, optimize your returns and target your audience by specific community magazines.

The Auburn Bay CA Board now has a few openings and we want **YOU!**

We are looking for:

- Team players
- Motivated volunteers
- Creative minds
- Residents who want to take part in making our community as great as it can be!

If this sounds like you, please contact [auburnbayca@gmail.com](mailto:auburnbayca@gmail.com) with your reason for interest!

\*\*\*Board Chair is willing to write reference letters to verify participation (and professional attributes) of board members.

We look forward to hearing from you!

We would like to thank all of the residents that came out to our AGM on April 3rd. We have a couple of new board members to welcome: Chantale W., Justine S., and Maria G., we are looking forward to working with you on some new and exciting projects for the community.

I will have an update on the Spring Crafting Event and Community Clean Up in the next edition. At this time there wasn't enough registrations for the 3rd craft sessions, so we are currently working on getting it switched to an adults-only event and serving a glass of wine to the attendees, but are awaiting the approval on our liquor license. I have been hearing that there are a group of residents interested if we were able to make this craft /wine event a monthly occurrence. If you would be interested in being added to our contact list, please register here: <https://forms.gle/iERgwTUSjfn2Scaw6>

We have also had a group of seniors that do not live in the retirement homes come forward asking for more activities geared for them. We have created an informal Auburn Bay Seniors group on Facebook and will be trying to post anything that may be of interest on that page. So far, we have only come up with the newsletter

from the Library that has a variety of "adult" programming. If you know of anything else that we should be including, please message that page.

More content has been added to our CA website and we are currently working on getting an online ticket system in place so that actually sell tickets for events that we host. If you have anything that you feel that we need to add to either the website or newsletter please email [abca.newsletter@gmail.com](mailto:abca.newsletter@gmail.com), as we do appreciate your feedback / input.

Our next CA meetings that are open to the public will be May 1st followed by June 5th. We will be appointing our new Secretary and Treasurer and working on a couple of items from the Grant Writing workshop that I attended, and we would love to have your input. They are held at 7:00 pm in the upstairs room of Auburn House.

Carla Obuck

## YOUR CITY OF CALGARY

### Bylaws for Helping to Be a Better Neighbour

Many concerns over what city bylaws are in place, please see <http://www.calgary.ca/CSPS/ABS/Pages/Bylaws-by-topic/Bylaws-by-topic.aspx> for a full listing.

Since we are coming into spring, I thought we should cover community cleanliness issues:

**Composting:** Under the Community Standards Bylaw, you must ensure composting piles or composting containers are maintained so they do not create offensive odours or attract pests. Fines for violations range between \$50 and \$100

**Drainage:** The Drainage Bylaw, the Wastewater Bylaw and Community Standards Bylaw all outline rules for drainage to ensure nothing inappropriate ends up in our rivers. For information on fines, search for the

Bylaws Related to Drainage page. It is an offence to allow any prohibited material into the Storm Drainage System. Examples of prohibited materials include soil, waste, animal waste, fecal matter, cooking oils, greases, gasoline, motor oil, transmission fluids, solvents, paint, cement, sawdust, yard waste, pesticides, biomedical waste, hazardous waste, soaps, odorous materials, detergents and water from hot tubs.

Vehicles must be washed at a car wash and not on a road, an alley or a driveway. Drain hot tubs and swimming pools directly into the wastewater drain located in the basement of your residence.

Downspouts and eaves troughs must not terminate within 2 metres of a surface drainage facility (unless located in a side yard) or a street, which includes alleys and lanes.

It is a requirement to keep surface drainage facilities on private property (known as "Overland Drainage Right-of-Way" (ODRW) including swales and catch basins/drains) clear of any soil, silt, yard waste or any other matter that may obstruct, restrict or prevent the flow of water. Buildings or structures cannot be constructed or placed on or over the surface drainage facility. If a fence must be built over the facility, there must be at least 6 inches (15 cm) of clearance between the facility and the bottom of the fence.

The use of any storm drainage for activities such as construction or irrigation purposes is prohibited without the written consent of the Director of Resources.

**Fines for violations of these regulations range between \$75 and \$3,000 for the first offence.**

**Grass and herbaceous plants:** Under the Community Standards Bylaw, private property owners must ensure that grasses and herbaceous plants do not exceed 15 cm (six inches) in height. Fines for violations range between \$100 and \$300. Property owners are also responsible for caring for and maintaining the area adjacent to their property (i.e. boulevards) up to the middle of the alley and the street.

If you know of a bylaw infraction and would like to report it to Animal & Bylaw Services, please call 311 (from within Calgary) or 403-268-CITY (2489) (from outside Calgary).

# Cat and Dog Bylaws in Calgary

City of Calgary bylaws: for helping to be a better neighbour.

Most of the concerns we hear about are pet-related.

**Cats:** Under the Responsible Pet Ownership Bylaw, cat owners must ensure their cats:

- Have a City of Calgary license.
- Remain on the owner's property.
- Do not disturb the peace by howling or crying.
- Do not damage others' property.
- Do not scatter garbage.
- Do not chase, threaten, or attack a person or an animal.

Fines range from \$25 to \$1,500.

**Dogs:** Under the Responsible Pet Ownership Bylaw, dog owners must ensure their dogs:

- All dogs must have and wear a City of Calgary license as soon as they reach three months of age.
- All dogs must be on-leash at all times, unless posted signs indicate otherwise, or on property where the owner of the dog has the right of occupation.
- Dogs may not be left unattended while tethered.
- Dogs may only be transported in the back of a truck if the dog is in a fully enclosed trailer, a truck bed covered with a topper, contained in a ventilated kennel that is secured to the truck bed, or securely tethered and not standing on bare metal.
- Dog owners must ensure that they bring along a suitable means to pick up feces.
- Dog owners must pick up all feces produced by their dog both on and off their property.
- Dogs must be under control in designated off-leash areas. This means they must be in sight of their owners and respond to sight or sound commands.

Fines for failing to comply with the Responsible Pet Ownership Bylaw range from \$25 to \$1,500.

As a dog owner, you must ensure your dog does not:

- Bite anyone
- Injure anyone
- Chase, threaten or attack a person or animal
- Bark, howl or disturb anyone
- Cause damage to property or animals
- Scatter garbage

Dogs are not allowed in:

- School grounds
- Playgrounds
- Sports fields
- Golf courses
- Cemeteries
- Wading or swimming areas

While on a pathway, your dog must:

- Be on a leash no longer than two metres
- Remain on the right-hand side of the pathway
- Not interfere with or obstruct other users
- You may not cycle, skateboard or in-line skate with a dog on a leash while on a pathway.

If you know of a bylaw infraction and would like to report it to Animal & Bylaw Services, please call 311 (from within Calgary) or 403-268-CITY (2489) (from outside Calgary).

For concerns over what city bylaws are in place, please see <http://www.calgary.ca/CSPS/ABS/Pages/Bylaws-by-topic/Bylaws-by-topic.aspx> for a full listing.

Woodman School is a SE/SW, triple track middle school in the Calgary Board of Education. Boasting a community-centered English program in Gr. 7-9, we also offer a rigorous continuing French Immersion track for Gr. 5-9 and Late French Immersion track beginning in Gr. 7. Language learning at any time in life improves cognition, social skills and risk-taking. Embracing the challenge of a new language in Gr. 7 provides a strong academic trajectory for adolescent learners and sets them up for future success as they become proficient in Canada's two official languages. Registration for Gr. 7 Late French Immersion is ongoing, in preparation for the 2019-2020 school year.

### **Learn more about your Calgary Catholic School District Board of Trustees!**

On March 13th, the Calgary Catholic School District (CCSD) Board of Trustees approved our 2020-2023 Three-Year Capital Plan. It will be submitted to Alberta Education in advance of the May 31 deadline. CCSD has ten items on our first-year list of priorities. They include:

- 9 new elementary or elementary/junior high schools
- 3 innovative new high schools, including one Extended Learning Centre
- 1 junior/senior high school addition/enhancement in Airdrie
- 11 major modernization requests

These priorities are assessed annually and re-evaluated frequently, which allows CCSD to respond to emerging trends. At CCSD, we anticipate continued enrollment and plan for growth through the lens of innovation, flexibility and sustainability. Currently, we are managing an overall district utilization rate of 86.1 per cent, and in some areas, our utilization rate exceeds 100 per cent, well above the provincial benchmark of 85 per cent.

As the only jurisdiction in Alberta that has metro, urban and rural populations, CCSD is unique in the complexity of its infrastructure and we must ensure that these needs are addressed. As a corporate board, we are charged with ensuring that every decision we make with respect to infrastructure is evaluated through the lens of what is best for our 57,000 students. We see each of these projects as critical, and we recognize the urgency in meeting our capital needs for our families— we need our schools where our students live.

As has always been the case, your Board of Trustees will continue to inform, engage and strategically advocate for families. We value our relationship with the provincial government and will continue to work closely with Alberta Education to address these important infrastructure needs.

The Calgary Catholic School District's 2020-2023 Three-Year Capital Plan can be found at: <https://www.ccsd.ab.ca/AboutUs/ReportsandPublications>

## Crime Prevention Through Environmental Design (CPTED)

Crime Prevention Through Environmental Design (CPTED) is being used worldwide. It enhances safety by influencing the physical design of our environment and encouraging positive social interaction. CPTED recognizes that our environment directly affects our behaviour, because we constantly respond to what is around us. These responses help us to interact safely in our communities.

### How does Crime Prevention Through Environmental Design work?

An environment designed using CPTED principles reduces opportunities for criminal acts to take place and helps us to feel safer. By doing so, it improves our quality of life. CPTED uses strategies that work together to create safer communities. It complements crime prevention strategies such as locks and bars, police and security personnel.

### Here are a few examples:

A well-maintained home, building or community park creates a sense of guardianship and that helps deter criminals.

Community activity is important. Criminal acts can be discouraged in public spaces when we encourage activities in those spaces by residents, visitors and other legitimate users.

Natural access control guides help people enter and have a space through the placement of entrances, exits, fences, landscaping and lighting. It can decrease opportunities for criminal activity by denying criminals access to potential targets and creating a perception of risk for would-be offenders.

### Implementing CPTED

In existing communities this is best done by a CPTED practitioner who has practiced many years of crime prevention and has completed several CPTED projects. With the assistance of community leaders, crime prevention advocates and input from community members to investigate the root causes of crime, combined with CPTED will greatly help with proper implementation.

In new communities CPTED is best implemented at the development stage and continued through the design and implementation stages.

**Want a Safer Community? Get to Know Your Neighbours!**

A great crime prevention tool is simply saying "hi" to your neighbours. The more interactions neighbours have with each other forms community relationships that will help increase neighbourhood safety. Here are three reasons that being neighbourly builds a safer community:

**Belonging**

Knowing your neighbours can increase a sense of belonging and respect. When neighbours have a relationship, neighbourly tension and community disputes can be reduced.

**Be Alert!**

If an emergency does arise, when you know your neighbours you can readily identify those who may have special needs, mobility issues, or those who need additional assistance.

**Attitude Shift**

Many neighbours watch each other but what if we change our attitude to watching out for our neighbours instead?! Watching out for your neighbours could make the difference in reducing criminal activity. When you can rely on the people who live closest to you it increases your sense of safety and prevents crime.

A great way to start to build a relationship is by using a *My Neighbour Card*

If you would like to grab some *My Neighbour Cards* for your street stop by our office at #110, 720 – 28 Street NE.

May is here which hopefully means we have a lot of warm and sunny days ahead of us. Street sweeping is underway so be sure to keep an eye out for parking restrictions. Additionally, the City will be continuing to work on pothole repair through the summer. If you come across one, the easiest way to report it is to snap a picture on the 311 app. With over 16,000 km of paved road, the City needs your help to know where repairs are needed. Here's what else is going on:

#### **Rainy Season is Coming**

May is typically the start of the rainy season in Calgary. Protect your home by ensuring downspout are moving water away from your home and that your eavestroughs are clean. Ward 12 communities have been built with devices that control how fast water drains into the system. During heavy rainfalls, water may pool on the road until the system can accept the extra water. These are called Trap Lows and are actually designed to act this way. If the pooled water is not causing a safety or property damage concern, only contact 311 if the water has not drained after 120 minutes.

#### **Apply for Greenspace for Neighbour Day by May 24**

Neighbour Day is on Saturday, June 15 and is an opportunity to get together with your neighbours and celebrate Calgary's strong community spirit. The City will be waiving its greenspace booking fees for approved Neighbour Day events, but you must apply before May 24! Check out [calgary.ca/NeighbourDay](http://calgary.ca/NeighbourDay) for lots of ideas for your event and how to plan it.

#### **Summer Events**

There are a huge number of events happening in Calgary through the summer. Thinking about a renovation? Building a deck? The City will be hosting a number of free information sessions with City inspectors and bylaw experts on hand to help you get started. Check out [calgary.ca/pdevents](http://calgary.ca/pdevents) for a session near you.

There will also be a ton of recreation programs for kids and adults alike throughout the summer. You can take a look at what's available and sign up at [calgary.ca/register](http://calgary.ca/register). For the skateboarders out there, the City will have temporary skateparks at various locations through the summer. Locations and dates are available at [calgary.ca/skateparks](http://calgary.ca/skateparks).

For the most up to date information with what's going on at City Council and to contact me directly, keep an eye on my website at [www.shanekeating.ca](http://www.shanekeating.ca).

**Book Review:**  
*How Will You Be Remembered? The Definitive Guide to Creating and Sharing Your Life Stories*  
 by former Calgarian - Robb Lucy

Reviewed by Karen Rigby, Foreword/Clarion Reviews

This book brings the lofty idea of legacies and their stories down to earth, showing that even seemingly small actions can have lasting effects.

*How Will You Be Remembered?* is a motivational manual for the boomer generation. With a journalist's talent for clarifying an often-misread subject, Robb Lucy demonstrates how legacies come in many forms and sizes, all with the aim of finding deeper significance, connection, and joy in the present while still considering the future.

The book enthusiastically re-frames the most common idea of a legacy. Wealth left behind in estate plans becomes less critical than rewarding alternatives, including recording family stories and passing down personal values, which are both achievable while one is still alive.

Emphasis on how legacies are for everyone, and not only for influential individuals, results in a call to consider unique ways to better one's community, and in some instances, the world.

Lists, brainstorming exercises, examples, and personal insights gather around a few core principles to jump start the process.

The bullet-point approach is well measured and is punctuated by apt quotations, including lyrics by Bob Dylan, proverbs from several cultures, and brief selections from famous authors that crystallize the urgency to make a difference while there is still time.

All of these enrich the topic, placing legacies and their stories within a broad context that spans history.

A section on religions, highlighting the many variations of the Golden Rule, also strengthens the view that there exists a profound human need to consider others.

Chapters provide a convincing, step-by-step guide toward self-discovery. Black-and-white illustrations of a mountaintop guru also infuse the topic with humor. One of the strongest sections offers snapshots of adults who have found their niche.

Whether engaging in a neighborhood beautification project or turning adversity into a chance to inspire others, these individuals bring the lofty idea of legacies down to earth, showing that even seemingly small actions can have lasting effects.

Another section on charities and foundations provides useful thoughts for those who prefer to create legacies in partnership with established organizations. A general overview, which purposefully leaves out detailed financial advice, is enough to point readers in the right direction.

*How Will You be Remembered?* presents an uplifting view of the good that can be accomplished when people turn their focus outward. Like a lively seminar, the ideas drawn here encourage and challenge, repeat and build on each other to press the belief that every voice has a singular note to add to the larger symphony.
