LOSE WEIGHT AND GAIN ENERGY
SAY WHAAAAAT?

Say YES! to Keto OS – A supplemental drink mix that will shift your body from burning glucose to burning fat as its primary energy source and within 15-30 minutes of drinking Keto OS, your body enters the state of ketosis.

Who is Keto OS for? Any person that is looking to lose excess fat (assists in abdominal fat loss), have more energy, increase awareness and focus (ditch the brain fog), appetite suppression, better mood, sleep and digestion.

Sounds good right? I have 5 ($45), 8 ($65) and 10 ($80) sample packs available in all flavors (caffeinated & non-caffeinated).

LAKE CHAPARRAL CONTACTS (NOT CCA)

Volunteers needed
The Chaparral Community Association is seeking to fill the following volunteer positions:

Babysitting lists coordinator: This position is responsible for keeping the list of community babysitters up to date and corresponding with residents looking for a babysitter. Little time commitment required.

Sports and Recreation coordinator: This position would entail liaising with local community sport associations, compiling any relevant registration events, AGMs, major tournaments, fundraisers or championships that would be of interest to the community. Information would be shared through various community association communication avenues including our newsletter (Trailblazer), website and social media. A perfect position to serve the community from home.

LAKESIDE (NOT CCA)

Waste and recycling
Starting in October:
- Green carts will be picked up weekly on Wednesdays, on the same day as your blue cart. Since the majority of household waste is compostable and may smell, this material will be picked up once a week.
- Blue carts will be picked up weekly on Wednesdays, on the same day as your green cart.
- Black carts will be picked up once every two weeks on tentatively Tuesdays starting October 10th. Since more than half of our garbage is compostable material that can go in the green cart. Black carts will be picked up on a different day than green and blue carts so you never have to set out three carts on the same day.
- Want to keep it straight, there’s an App for that.
- Never want to miss a collection date? Need to know what goes where? Download Calgary Garbage Day from the App store for all up-to-date information.

Cleaning up the yard is easier with your green cart
This fall, enjoy the convenience of using your green cart as you get your yard and garden ready for winter. Leaves, pine cones, branches (up to 6’ in diameter and 4 feet in length), old annuals and pumpkins can all go in the green cart for weekly collection and will be turned into nutrient rich compost.

Three step checklist for fall yard waste
1. Fill your green cart first. Yard waste can go directly inside the cart; there’s no need to bag it first.
2. If your cart is full, simply use paper yard waste bags and roll down the top. Home and garden or grocery stores sell paper yard waste bags. They’re usually sold in packs of five.
3. Please don’t use plastic garbage bags. These bags will not be collected since they contaminate the compost.

Other options for disposing of yard waste are available at calgary.ca/yardwaste.

Municipal election
October 16th Calgarians will vote for their Mayor, Councillors, and School Board Trustees in the 2017 Municipal Election. Voters can choose to cast a ballot during the Advance Vote from October 4 – 11, excluding October 9 (Thanksgiving) or on Election Day, October 16. There are many ways to vote, so be sure to check the website www.elections.calgary.ca for a complete list of voting options. Voting station locations will be available online after September 19, 2017, or you can watch the mail for your official Election Guide. Candidate profiles will be available online after 12 noon.
CCA NEWS CONT’D

on September 19, 2017. Visit www.electionscalgary.ca to check your ward and see candidate profiles. For more information on the 2017 Municipal Election visit www.electionscalgary.ca or call the Elections & Census Office at (403) 476-4100 (option 2).

Free homework help
If your kids are heading back to school this fall, then the Calgary Public Library has them covered. Free homework help, available through a variety of in-person and online programs, is available at the Library. Here’s a sampling:

School Support is for students aged 10 to 14. Drop in with your English Language Arts or math assignments to get help from trained volunteers. Visit calgarylibrary.ca, click programs, and search ‘School Support’ to find out where and when the program is offered. Students in Grade 2 to Grade 12 can access free online tutoring at calgarylibrary.ca/resource/brainfuse. Students in Grade 3 to 12 can prepare for tests and final exams, take lessons, and review coursework at calgarylibrary.ca/resource/solaro. Both resources are aligned with the Alberta curriculum.

We would like to say a huge THANK YOU to all our community and wonderful supporters. You all ROCK!!!

This year we are proud to present, The Haunted Wastelands Re-Admitted. We are doing the Asylum again, but changing it up. New rooms. New way to get through it and more. Construction has already begun. If anyone would like to help out, from building to entertaining and scaring please contact us through our website or Facebook. Please note if you are helping to scare we are open till 10 before Halloween and on Halloween till there is no one else to go through.

Our address is 117 Chapalina Close SE. Please feel free to drive or walk by to see what’s happening. Please drive with caution as we do attract a lot of kids. On the night of Halloween, the street will be closed off unless you live on the street. We experience way too much traffic and find this safest for everyone. We also ask that when waiting that you respect our neighbour’s property, we had some neighbour’s plants and decorations knocked over Halloween night. Thank you to our amazing neighbours!! Thank you for putting up with us, to feeding our crew, helping and putting on the hot chocolate stand last year. It means so much!!

Due to a complaint we received last year, we ask that if, anyone has an issue to please come and talk to us. We don’t bite I promise :). We have also had to make a few emergency exits, fire extinguishers and fire regulated tarps. The tarps are not cheap and we are looking for donations to help offset the cost. Any donations are greatly appreciated and can be made on our website through the PayPal link. We are also looking for donations from any local businesses for gift baskets for this year’s prizes.

If you would like to be a sponsor please contact us through our website or Facebook. Thank you to all of you for your continued support and allowing us to do this each and every year.

In a number of cultures around the world, the response to a sneeze is typically to wish God would bless the sneezer, or to wish the sneezer health and long life. And the usual responses are to say thank-you or to excuse oneself for the sneeze.

Fall Garden Checklist

Fall has always been a busy time of year for me. As a student and then as a teacher, it has always seemed like the start of a new year, yet as a farmer’s daughter and then gardener it is very much about getting ready for the end of the growing season.

With all of that going on I often find it hard to keep up with everything I should be doing in the fall with my lawn and gardens and thought there might be a few others like me out there too. Here is a list of fall activities to help get you and your plants ready for the coming winter. The month divisions are just a guideline since you never really know what kind of weather fall will bring in Calgary. If you read this and see that you have things done ahead of what is suggested here, yay for having stuff done! If you read this and see that there are things from the September list that you still need to do, just add them to October. Just make sure you beat the snow.

A friend suggested that the first two items on this list should be:

- do not procrastinate
- do what you can right now

Hopefully those are a given, but if not feel free to include those on your list too!

September
- Collect seed and herbs for drying.
- Add compost or manure to garden beds (make sure manure is not fresh and does not contain herbicides).
- Plant new trees and shrubs, to give them at least 6 weeks before frost and divide old perennials that are too large for their space or dying in the centre.
- Plant spring flowering bulbs (depending on the type of bulb this can be done in September or October – see bulb packaging for instructions).
- Clean bird feeders and gardening tools once you finish with them for the season.
- Continue watering trees and shrubs until the ground freezes.
- Pull weeds before they go to seed to reduce the number of weeds next year.

October
- Fertilize your lawn (compost works for this too)
- Transplant shrubs or young trees to new locations.
- Cut diseased areas out of perennials. Do not compost.
- Rake and compost any fallen leaves or use leaves as mulch for beds. If you have a mulching mower mulch them first.
- Clean up garden debris. Remove all vegetable plants and fallen fruit.
- Remove dead annuals from the garden, after a frost.
- Cut back perennial foliage to discourage overwintering pests. Leave flowers with seeds for the birds and attractive plants that provide winter interest.
- Continue watering trees and shrubs until the ground freezes.
- Sharpen lawn mower blade and pruners before they are put away for the season.
- Trim tall grass away from trees and corners of your home to discourage small rodents from creating nests.
- Dig up tender bulbs such as dahlia, canna and gladiola. Wrap them in moist material and store in a cool, dark space.
- Turn off outside water connections and drain garden hoses before temperatures drop to freezing.

November
- Continue watering trees and shrubs until the ground freezes.
- Turn off outside water connections and drain garden hoses if not done already.
- Buy bulbs to force indoors over winter (look online for instructions on how to force bulbs indoors).
- Wrap screening around fruit tree trunks to protect from small animals and harsh sun exposure.
- Mulch rose bushes.
- Clean fallen leaves in downspouts and gutters.

December
- Start paperwhites and amaryllis for indoor winter blooms.

From One Friend to Another

I was pondering what I could write about this month, when I came across an article I had saved a few years ago in my inspirational file. It was by Andy Rooney, a famous journalist and speaker who used to be on the Sixty Minutes tv show. I have paraphrased this article by him for your enjoyment.

I’ve learned... That the best classroom in the world is at the feet of an elderly person.
I’ve learned... That having a child fall asleep in your arms is one of the most peaceful feelings in the world.
I’ve learned... That being kind is more important than being right.
I’ve learned... That just one person saying to me, “You’ve made my day!” makes my day.
I’ve learned... That you should never say no to a gift from a child.
I’ve learned... That is those small daily happenings that make life so spectacular.
I’ve learned... That money doesn’t buy class.
I’ve learned... That sometimes all a person needs is a hand to hold and a heart to understand. I’ve learned... That when you are in love, it shows.
I’ve learned... That no matter how serious your life re...
I’ve learned... That a smile is an inexpensive way to improve your looks.
I’ve learned... That opportunities are never lost; someone one will take the ones you miss.
I’ve learned... That one should keep his words both soft and tender, because tomorrow he may have to eat them.
I’ve learned... That life is tough, but I’m tougher.
I’ve learned... That when you harbor bitterness, happiness will dock elsewhere.
I’ve learned... That the less time I have to work with, the more things I get done.
I’ve learned... That when a person is to surround myself with good people.
I’ve learned... That children are usually mirrors of their parents.
I’ve learned... That everyone wants to live on top of the mountain, but all the happiness and growth occurs while you’re climbing it.
I’ve learned... That simple walks with my father around the block on summer nights when I was a child did wonders for me as an adult.
I’ve learned... That under everyone’s hard shell is someone who wants to be appreciated and loved.
I’ve learned... That the easiest way for me to grow as a person is to surround myself with good people.
I’ve learned... That I wish I could have told my Mom that I love her one more time before she passed away.
I’ve learned... That love, not time, heals all wounds.
I’ve learned... That everyone you meet deserves to be greeted with a smile.
I’ve learned... That no one is perfect until you fall in love with them.
I’ve learned... That the mountain, but all the happiness and growth occurs while you’re climbing it.
I’ve learned... That just one person saying to me...
Just a reminder; if you have not yet paid your lake fees, visit our website for news, events and rules. www.lakechap.ca. Due to an increase in lost children at our recent events, we advise the parents and caregivers of Lake Chaparral to please keep a consistent eye on your children when they are in your care. Remember, it is easy to lose sight of them, especially when the park is busy. We want these events to be fun for everyone and when they are put on pause due to a lost child report, it causes a lot of stress and confusion for both staff, residents and guests.

Membership Matters

Successful, healthy communities are generally those with active and sustained membership and involvement of the community residents. Often a strong membership representation is an indication that our association is serving the needs of the community and is therefore, valued and supported by its residents. Your support today is important and ensures new energy to continually address community issues.

What your Community Association does for you...
- Programs and activities put on by the CCA
  (Stampede Kick-off Breakfast, Neighbour Day Chaparral Block Party, Festival of Lights, to name a few)
- Social, environmental and civic affairs
  (Advocating for traffic signal lights and crosswalk Rapid Movement Flashing Beacons (RFB), Safe Communities initiatives, Development Permit Applications, Financial Wellness presentations, Trailblazer, Traffic & Zoning Issues)
- Government Liaison
  (With the City of Calgary and Government of Alberta)
- Weigh-in on Commercial Applications
  (Bottle Depot, Telus Cell Tower, BFI Canada Inc., Inland Cement and local based businesses)
- Insurance and Administration
  (Covers annual operating costs and applicable insurance cost to operate yearly)

The Chaparral Community Association has been working hard to cover all the views, opinions, and concerns for all matters pertaining to Lake Chaparral, Chaparral Ridge, and Chaparral Valley outside of the Lake facility (we have nothing to do with Lake operations). We meet on a monthly basis at St. Sebastian Elementary to address a progressive agenda.

The cost of membership is $20.00 for one year. The value of the Community Association is to represent you and keep you informed of important events and factors affecting the community as a whole. Please consider becoming a member if you are not already one. We are a non-profit organization and your membership goes towards community events, programs, and operating costs as mentioned above.

October in Fish Creek!
Renew Your Commitment to Fish Creek Provincial Park! Membership Shows You Care
The Friends would like to thank you for your role in helping us reach our 25th year of bringing the park and community together! As we celebrate this milestone, we invite you to renew your commitment to Fish Creek for the 2017/18 year. Membership fees provide essential funding for us to develop programs, courses, events and activities to engage community members, strengthen our message of environmental stewardship and work to conserve Fish Creek Provincial Park. Members receive admission to educational talks, a discount on the popular birding courses, discounts at local businesses and the Voice of the Friends newsletter. We invite you to renew online at www.friendsoffishcreek.org/membership. Thank you again for your support.

Fish Creek Speaker Series
Kananaskis Public Safety: Who We Are and What We Do
Presented by Kananaskis Public Safety Specialists

ReWilding Through Restoration
ReWilding Through Restoration is a program that encourages the regeneration of natural ecosystems within Fish Creek, allowing current and future generations of Albertans to reconnect with, and wonder at, Alberta’s natural beauty. This program involves the planting of poplars and other native vegetation along the banks of Fish Creek in areas that have become degraded by human activity. Friends of Fish Creek volunteers take part in the planting, maintenance and monitoring of the ReWilding Through Restoration sites until the sites are fully established. This important program is only possible with the hands-on support of volunteers and through donations that allow us to purchase the necessary supplies and equipment. It costs only $15 to ReWild 1m² of the Park. Together, ReWilding is possible! To support ReWilding Through Restoration, visit www.friendsoffishcreek.org/rewild

ReWilding Through Restoration Guided Walk with Drew McKibben

The Chaparral Community Association is a volunteer run organization that represents the residents of Lake Chaparral, Chaparral Ridge and Chaparral Valley. Your Community Association is the recognized body that liaises with government officials, expresses resident concerns regarding commercial, industrial and residential land use development and represents the position of residents on education, transportation, environmental and infrastructure issues.

The CCA supports organized sports, community programs and social programs. The CCA supports and publishes the community publication The Trailblazer to help keep you better informed. For inquiries please see the list of CCA volunteers in the Trailblazer or email ask@chaparralcommunity.com. Membership is a voluntary $20 per year.

The Chaparral Residents Association is the association that governs the private membership of Lake Chaparral and its facilities. Each home within the Lake Chaparral community is encumbered to pay an annual membership due to the CRA. The annual dues are utilized for the day to day operations of the lake property and all of its facilities, the maintenance of entryway features of the community, maintaining an appropriate reserve fund and making long term planning decisions for the lake and its assets. The CRA employs a facility director, Nancy Connors, under the direction of a volunteer Board of Directors.

For inquiries about the Lake Chaparral Park and Recreation Centre please contact the Lake Chaparral Residents Association at 403-254-4148 or visit their website at lakechap.ca.

I hope everyone had a nice summer. It’s been a busy time in our constituency. I have spoken to many concerned parents from Prince of Peace, New Brighton and Copperfield schools about playground funding. I will continue to advocate on your behalf.

We have also been inundated with complaints of odour in the vicinity of Copperfield. Alberta Transportation district staff have since investigated and confirmed that it is not originating from the storm ponds constructed as part of the Southeast Stoney Trail project. The smell is originating from the natural wetlands near Copperfield. As all wetlands in Alberta are under the jurisdiction of Alberta Environment and Parks (AEP), we have reached out to AEP to discuss the issue and were informed that they had received similar complaints and had sent a compliance inspector to the site to investigate. They determined that the odour is a result of decreased water level in the wetlands due to recent dry weather and that since the odour does not pose any health concerns, they will not be taking any actions to eliminate it. If residents in the area have further concerns related to these wetlands they can contact Alberta Environment and Parks at 1-800-222-6514.
