DON’T LEAF YOUR YARD ALONE THIS FALL!

Dear Great News Publishing,

Please DO NOT run my ad next month. My ad has been WAY TOO EFFECTIVE. My phone won’t stop ringing with people saying they saw my ad in the newsletter. Now I need to hire more people to keep up with all my new customers! I’m amazed at how well this worked!

Thanks for all your help,
Sincerely,
Laura

In the fall leaves change colour—because trees slowly stop producing chlorophyll. In years when a number of warm, sunny days and cool but not freezing nights come one after the other the reds in the leaves will be more vibrant because sugar sap gets trapped inside.

## Volunteering Opportunities

Here are a few tips to follow:

- **Reuse**. Wash and reuse plastic straws and cutlery a few times before disposing in the garbage.
- **Refuse**. Unless you actually need a plastic straw or cutlery don’t take one.
- **Reduce**. Keep reusable cutlery on hand so you’ll always have something to use.

### VOLUNTEERS NEEDED

The Chaparral Community Association is seeking to fill the following volunteer positions:

- **Newsletter Editor**: This position is responsible for collecting, editing and submitting Your Trailblazer community newsletter content to the publisher. This position requires approximately 3-4 hours per month.
- **Babysitting lists coordinator**: This position is responsible for keeping the list of community babysitters up to date and corresponding with residents looking for a babysitter. Little time commitment required.
- **Sports and Recreation coordinator**: This position would entail liaising with local community sport associations, compiling any relevant registration events, AGMs, major tournaments, fundraisers or championships that would be of interest to the community. Information would be shared through various community association communication avenues including our newsletter (Trailblazer), website and social media. A perfect position to serve the community from home.

### CCA 2017/2018 MEETINGS

All residents from Chaparral Lake, Ridge and Valley are welcome to attend the Community Association meetings. Meetings take place the 2nd Tuesday of every month, except December, July & August.

### WASTE AND RECYCLING

- More than half of what’s in our garbage is material that could be composted. Composting can reduce what goes into our landfills by half and instead creates a high quality, nutrient rich compost for local gardens, parks and farms. A great video to watch is available at calgary.ca/greencart.

On behalf of the Chaparral Community Association (CCA) I hope you had a wonderful, relaxing summer. Now that September is upon us, and the community’s children are heading back to school, it seems like an appropriate time to remind residents to slow down and pay attention while driving our community streets.

In addition to the many complaints the CCA receives first hand, I, like many of you, follow many community Facebook groups such as the Chaparral and Chaparral Valley’s community block watch, neighbours helping neighbours and mom-to-mom groups. Often, on these pages, we hear of reports of drivers speeding, passing in playground zones, u-turning in playground zones, failing to stop at crosswalks and other unsafe driving practices. We commonly comment on really, just how much time is someone saving when they drive like this? Well, I have pondered this question myself and did some unofficial digging that I though I would share with you.

Using the website www.timecalculator.net to calculate the difference between traveling 30 km versus 50 km in the average playground zone measuring a quarter of a kilometer; the difference is only 12 seconds! To travel at 30 km it will take you 30 seconds, to travel at 50 km it will take you 18 seconds, that 12 seconds can be the difference between a survivable injury versus a fatality.

Did you know Chaparral Drive from end to end (TD bank, through residential passing Chaparral Elementary, the Lake and St. Sebastian Elementary, to Maci) is 3 km. If you travel this stretch at 50 km per hour it will take you 3 minutes versus travelling at 60 km per hour it will take you 3 minutes and 32 seconds, again 36 seconds is a time difference just not worth the risk.

Traffic safety is one of the top issues the CCA advocates for on behalf of the community. As the community has grown, the CCA has worked with the City of Calgary and our Ward Councillor’s offices to add traffic signage, traffic light installations at Walden Gate and then at Chaparral Blvd at 194th. New crosswalks, crosswalk reflective sleeves and we were the first community to request the solar Rapid Flashing Beacon (RFB) crosswalk lights after they were approved for general use (post testing phase) for Chaparral Blvd at Chaparral Ravines. We are pleased to say that this year we will see the addition of another RFB light added to the crosswalk at St. Sebastian Elementary and work continues with the City to see one added at the Chaparral Elementary crosswalk as well.

Are you interested in what else your Chaparral Community Association does on your behalf? Feel free to contact us at chaparralcommunity@shaw.ca or come to one of the meetings. We meet on the second Tuesday of every (except July/August and December) from 7-9pm in the St. Sebastian Elementary learning commons. You are always welcome to come and if you have an issue you would like discussed please send us an email in advance so it can be added to the agenda.

A Jelly And Canning Tips

PLUM AND CRAB APPLE JELLY
3 cups of quartered unpeeled crab apples
1 ½ cups water
1 cinnamon stick about 4 inches long
4 cups of sliced blue or purple plums
5 cups of sugar
¼ cup dry red or white wine or grape juice.

Place crab apples, water and cinnamon stick in a very large stainless steel or enamel saucepan. Bring to a boil over high heat, cover, reduce heat and boil gently for 10 minutes or until fruit is soft. Remove from heat and discard cinnamon stick. Press crab apples through a sieve; discard solids.

Return crab apple pulp to saucepan. Add plums, sugar and wine. Bring to a full boil and boil rapidly, uncovered, until mixture will form a gel, about 20 minutes, stirring frequently. Remove from heat.

Ladle into sterilized jars and process in a water bath canner for 10 minutes. Makes about 6 cups.

6 TIPS FOR SUCCESSFUL CANNING
1. START WITH A CLEAN KITCHEN
Don’t underestimate the power of a clean kitchen! I often have the tendency to start recipes on the spur of the moment, usually when I have a dozen other things going on at the same time. While this works for some things, I’ve found that impulsiveness and canning do not mix for me. Starting a canning process in the middle of a messy kitchen usually results in me forgetting something (running out of lids in the middle of the show is a very bad feeling…) or simply not enjoying the process as much.

2. STAY ORGANIZED
Before you start preparing the food to can, read the directions several times, make sure you have enough jars/lids/bands, gather all of your supplies (funnels, ladles, towels). I like to lay out everything on the counter in a nice little row. While it may seem a little extreme, it really helps me to stay organized as I go.

3. ALLOW YOURSELF PLENTY OF TIME
It’s not a good idea to try to limit the amount of time for your canning. Preserving food always takes longer than I think it will. When I have a lot of food to process, I like to set aside an entire day for it. Rarely does it take that long, but then you end up with “bonus” time, rather than smashing the canning process into a scant few hours.

4. FOLLOW THE DIRECTIONS!
I’ll admit, I have the tendency to see many recipes as “suggestions” rather than rules. But, canning is rather unforgiving when it comes to rule bending. Canning times and specifications need to be followed in order for the jars to seal and be safe. When the recipe specifies a certain direction like head-space or processing time, obey!

5. HAVE A CANNING PARTY
Preparing and processing large amounts of food sometimes can be a daunting task for one person, so make it fun! Invite over friends to help, it makes the day go faster, and it’s just way more fun. Plus, if you are a newbie, having an experienced canner along for your first time can give you a much-needed boost of confidence that you won’t get from merely reading how-to books.

6. PRACTICE MAKES PERFECT
If you can for any length of time, you are going to make mistakes. Don’t sweat it! Learn from your mistakes and keep on trying. I’ve had non-sealing jars and pickles that taste like straight vinegar. It just comes with the territory.

Though it can seem like a lot of work at times, nothing beats being able to pull a jar of lovely, organic, home-canned food out of your pantry in the dead of winter. I think our grandparents definitely had it figured out!
How Do You Decide Who to Marry From a Child’s Point Of View

One of the highlights of my illustrious 36-year career as a teacher, coach and administrator was the three years I spent in the elementary system as a physical education consultant. Being able to share in a child’s world as they made new discoveries, while developing their individual talents and interests, was an awesome experience. One of the neat things about children is, they speak and say exactly what they are thinking, much to the delight and sometimes horror of parents. My daughter is a long-time elementary school teacher in Barrie, Ontario and sent me this article, which I thought was worth sharing with you.

Marriage through the eyes of a child:
“You got to find somebody who likes the same stuff. Like, if it is sports, she should like that you like sports and she should keep the chips and dip coming.” Alan, age 10.

“No person really decides before they grow up whom they’re going to marry. God decides it all way before, and you get to find out later who you’re stuck with.” Kristen, age 10.

What is the right age to get married?
“Twenty-three is the best age because you know the person FOREVER by then.” Camille, age 9.

Is it better to be single or married?
“It’s better for girls to be single but not for boys. Boys need someone to clean up after them.” Anita, age 9.

How would the world be different if people didn’t get married?
“There sure would be a lot of kids to explain, wouldn’t there?” Kelvin, age 8.

And the #1 favorite is: how would you make a marriage work?
“Tell your wife that she looks pretty, even if she looks like a dump truck.” Ricky, age 10.

Until next time, remember: children grow up to be mirrors of their parents, so make sure you do a good job of raising your loved ones. I know because I was there.

Farewell to the Leaf & Pumpkin program

The City of Calgary will no longer be offering the community Leaf & Pumpkin drop off sites this fall. With the roll out of the Green Cart program, residents will now have a convenient option to compost their yard waste right at their door.

For residents that would like to remove their yard waste quicker, a Fall Yard Waste program will be available from September 29 to October 29, 2017. If you choose to, you can bring yard waste to a City landfill for free composting at that time. More details can be found at calgary.ca/yardwaste. Please do not bring yard waste to former Leaf & Pumpkin depot sites.

Thank you to Calgarians for helping to support the Leaf & Pumpkin program for over 20 years!
Volunteering in the Arts

By Alex Bonyun

Want to be involved in the arts, but don’t know where to start? A great way to dip your toe in without spending money is to volunteer. It may seem like a daunting proposition if you’ve never volunteered before, but non-profit cultural organizations are always looking for helpful volunteers, whether it’s for ushering at a theatre performance, helping out at a festival booth, or lending a hand with administrative work at the office. The rewards of volunteering go beyond gaining access to tickets or other perks. It allows you to gain experience in a particular field or with a particular organization which can later lead to other opportunities such as serving as a Board Member for an organization that aligns with your values or joining committees in your community to boost the presence of arts in a particular discipline.

This year, Canada 150 is challenging everyone to lend a hand and give 150 hours of time volunteering before the end of 2017. The gift of your volunteer hours goes above and beyond the organization you benefit with your time. It can create a lasting impact throughout your community. You can register for the challenge and learn more at https://volunteer150for150.ca. It’s not too late to complete the challenge as many organizations start their seasons full force in the fall, and are always in need volunteers.

In our community approximately 50,000 Albertans volunteer for not-for-profit arts organizations every year, creating opportunities for community engagement, service, and belonging. Additionally, volunteers can help an organization build capacity, which can result in more economic stability and growth.

For a comprehensive list of all of Calgary’s non-profit organizations in need of volunteers, please visit http://public.propellus.org/NonProfitMemberList.aspx.

Membership Matters

Successful, healthy communities are generally those with active and sustained membership and involvement of the community residents. Often a strong membership representation is an indication that our association is serving the needs of the community and is therefore, valued and supported by its residents. Your support today is important and ensures new energy to continually address community issues.

What your Community Association does for you...
- Programs and activities put on by the CCA
  (Stampede Kick-off Breakfast, Neighbour Day Chaparral Block Party, Festival of Lights, to name a few)
- Social, environmental and civic affairs
  (Advocating for traffic signal lights and crosswalk Rapid Movement Flashing Beacons (RFB), Safe Communities initiatives, Development Permit Applications, Financial Wellness presentations, Trailblazer, Traffic & Zoning Issues)
- Government Liaison
  (With the City of Calgary and Government of Alberta)
- Weigh-in on Commercial Applications
  (Bottle Depot, Telus Cell Tower, BFI Canada Inc., Inland Cement and local based businesses)
- Insurance and Administration
  (Covers annual operating costs and applicable insurance cost to operate yearly)

The Chaparral Community Association has been working hard to cover all the views, opinions, and concerns for all matters pertaining to Lake Chaparral, Chaparral Ridge, and Chaparral Valley outside of the Lake facility (we have nothing to do with Lake operations). We meet on a monthly basis at St. Sebastian Elementary to address a progressive agenda.

The cost of membership is $20.00 for one year. The value of the Community Association is to represent you and keep you informed of important events and factors affecting the community as a whole. Please consider becoming a member if you are not already one. We are a non-profit organization and your membership goes towards community events, programs, and operating costs as mentioned above.

What is the difference between the Chaparral Community Association (CCA) and the Chaparral Residents Association (CRA)?

The Chaparral Community Association is a volunteer run organization that represents the residents of Lake Chaparral, Chaparral Ridge and Chaparral Valley. Your Community Association is the recognized body that liaises with government officials, expresses resident concerns regarding commercial, industrial and residential land use development and represents the position of residents on education, transportation, environmental and infrastructure issues. The CCA supports organized sports, community programs and social programs. The CCA supports and publishes the community publication The Trailblazer to help keep you better informed. For inquires please see the list of CCA volunteers in the Trailblazer or email ask@chaparralcommunity.com. Membership is a voluntary $20 per year.

The Chaparral Residents Association is the association that governs the private membership of Lake Chaparral and its facilities. Each home within the Lake Chaparral community is encumbered to pay an annual membership due to the CRA. The annual dues are utilized for the day to day operations of the lake property and all of its facilities, the maintenance of entryway features of the community, maintaining an appropriate reserve fund and making long term planning decisions for the lake and its assets. The CRAs employs a facility director, Nancy Connors, under the direction of a volunteer Board of Directors. For inquires about the Lake Chaparral Park and Recreation Centre please contact the Lake Chaparral Residents Association at 403-254-4148 or visit their website at lakechap.ca.
