What's Your Retirement "Contingency Plan"?

You probably have thought about what you'd like to do during your retirement years. But all your plans probably depend, to at least some extent, on your financial situation. What happens if you reach the age at which you wish to retire and you just don't have the money you thought you'd have?

If this occurs, it's time for "Plan B." What does that look like? Here are a couple of possibilities:

- *Continue working.* If you like your job, you may not mind working an extra year or so. You'll be bringing in more income and contributing more to your RRSP or other retirement account — and, perhaps almost as importantly, you may be able to avoid tapping into these retirement accounts, thus giving them more time to potentially grow. (However, once you turn 71, you'll need to begin taking withdrawals from your RRSP.) But if you are really not enamoured with the idea of working any longer, you might find that even the ability to

"beef up" your retirement plans for another couple of years isn't much consolation.

- *Adjust your retirement lifestyle.* It's pretty simple: If you don't save as much as you had planned for retirement, you probably can't do all the things you wanted to do as a retiree. For example, you may not be able to travel as much, or pursue your hobbies to the extent you'd like.

Clearly, you'd like to avoid these "retirement contingency plans." To do so, though, you'll need to take steps well before you retire. And the most important move you can make may be to contribute as much as you can possibly afford to your RRSP or other retirement account.

During the last several years before you wish to retire, you may be in a strong position to "max out" on these plans because, at this stage of your life, your income may be at its highest point, your children may be grown and you may even have "retired" your mortgage. If you still have money left with which to invest, you may want to look at other tax-advantaged vehicles that can be used for retirement.

But while it's important to put in as much as possible to your retirement accounts, you need to do more than that — you also must put the money in the right investments within these accounts. Your exact investment mix should be based on your individual risk tolerance and time horizon, but, as a general rule, these investments must provide you with the growth potential you'll need to accumulate sufficient resources for retirement.

Of course, as you know, investments move up and down. You can't prevent this, but you'll certainly want to reduce the effects of volatility as much as possible when you enter retirement. Consequently, during your final working years, you may need to adjust your retirement accounts by shifting some of your assets (though certainly not all) from growth-oriented vehicles to income-producing ones.

It's a good idea to have contingency plans in place for virtually every endeavour in life — and paying for your retirement years is no different. But if you can make the right moves to avoid the contingency plans in the first place, then so much the better.

Greetings!

Are you enjoying the summer? I hope you are! Summer is part way through, but I am sure some of the best weather is still to come.

Ward 14 Communities BBQ

The Ward 14 Communities BBQ is about one month away. Things are starting to fall into place—although I am sure there are still many surprises in store. This year the BBQ will be on September 16 from 11 a.m. to 2 p.m. in the parking lot of Southcentre Mall. Visit www.calgary.ca/ward14bbq for more info, or www.calgary.ca/ward14connect for email updates.

As for potential surprises, the list of exhibitors continues to grow along with the list of kind sponsors. To start, Spolumbo's is the newest food sponsor. Instead of the traditional burger, you can have one of their delicious sausages on a bun.

I also want to introduce Pacific Developments as the newest financial sponsor. They join United Communities, Mattamy Homes, No Bull Bookkeeping, Genstar, and Great News Publishing on the list at this early point. Another big thank you is also owed to Waste Connections of Canada (formerly Progressive Waste Solutions) for donating money, and for helping clean up afterwards.

Thank you to all of them, and Southcentre Mall for the venue!

Ward Boundary Changes

In case you weren't aware, there is a municipal election coming on October 16. Because Calgary is continually evolving and changing shape, ward boundaries must constantly change shape too. 58 communities will find themselves in a new ward next Council term. It is important that you check your ward so that you know what candidates are running in your ward and where to find your designated voting station. To check your ward, visit www.electionscalgary.ca, or call the Elections & Census Office at 403-476-4100 (Option 2).

Unfortunately, Ward 14 will be losing three communities: Maple Ridge, Silverado, and Willow Park. I can't overstate what a pleasure it has been to serve these communities. I spent many nights meeting the people there, and many days advocating for them at City Hall. More importantly, within them I have made many friends.

Thank you to all the residents, and volunteers of those beautiful communities for joining me in the endeavor of making them the best they can be. I look forward to doing the same with Douglasdale and McKenzie Lake as we welcome them into Ward 14.

New rules for fire pits in Calgary

I can confidently say that building a good relationship with your neighbours is very important. Not only is it nice to have the friendly mood in the community, but it is maybe the best thing you can do to keep the area safe.

Everyone should try their best to be a good neighbour, but there is just no way that everyone is going to agree about everything. That is why we have set some rules—that we call Community Standards Bylaws—as guidance for being a good neighbour.

We have recently finished a review of those bylaws, and there have been some changes. Perhaps the most notable of those changes is to rules about fire pits. For example, you must now make sure your flame is extinguished by midnight on weekdays, and 1 a.m. on weekends.

If you are interested in learning more, I suggest you visit calgary.ca/firepits. If you have a concern or complaint about fire pits, call 311.

I will write again for September. Until then, feel free to contact me at any time.

A total solar eclipse—the aligning of the Sun, Moon and Earth—will occur on August 21. The total phase will not be visible in Calgary, but can be observed as a partial solar eclipse here. It will be at its maximum at 11:33 a.m., so get out your pinhole camera and enjoy the spectacle; the last one was in 1979.
