5 Excellent Reasons to Advertise in Community Newsletter Magazines

- 1. Top of Mind Brand Awareness:** Consistent advertising leads to increased sales. Companies maintain and gain market share when community residents are consistently reminded of their brands.
- 2. Payback:** Community residents trust, and call businesses that advertise in their community magazines.
- 3. High Readership:** 68% female | Even distribution of Millennial, Gen X, and Baby Boomer readers
- 4. Cost Effective:** With advertising rates as low as \$0.01 cent per household, advertising in our community magazines is incredibly affordable.
- 5. Geofence Your Audience:** Manage your budget, optimize your returns and target your audience by specific community magazines.

Squirrels are one of the top threats to power grids, so much so that the American Public Power Association tracks data of squirrel incidents which they call "The Squirrel Index." Some commentators have joked that squirrels are bigger cyber terrorist threats than foreign powers.

'Design Your Yard'

Workshop Opportunity for Glendale

The Glendale/Glendale Meadows community association would like to offer our members, Calgary Horticulture's 'Design Your Yard' workshop, end of May/June, evenings over three consecutive weeks (TBA).

If you need to plan a new yard or reimagine your old one, this is the course to take. Learn how to create a well thought out functional yard in a multi-day workshop. This is a popular program! A Calgary Horticulture garden expert will come to our community association hall to help you create a well-thought-out, functional yard. You'll work on scale layouts of your property and complete step-by-step tasks to create a design that meets your needs.

Participants will learn:

- How to work through the process to develop a yard plan
- How to apply basic design principles and techniques for creating a beautiful, environmentally responsible, functional yard
- Basic graphic skills and plant knowledge
- How to calculate volumes of soil and mulch using online calculators and how to access available resources in the community (such as free mulch from the City)
- Best practices for irrigation of the yard
- How to select plants to fulfill the yard design's requirements
- Participants will need:
 - Property dimensions - Real Property Report (RPR)
 - Graph paper, ruler, pencil and eraser
 - Wish list of requirements
 - Photos for your wish list
- Dates to be confirmed. Class size 6 to 16 (max.). Fees are paid to Calgary Horticulture. You must be a member of GGMCA to enroll. Calgary Horticulture members pay \$75; nonmembers: \$100. Check out calhort.org on their extensive programs. The City of Calgary sponsors this workshop.
- Interested? Do you have any questions? Please contact Monika: membership@myglendale.ca

Saturday, May 4, 2019

10:00 - 11:30 am

Start at the Glendale/Glendale Meadows Community Hall

Join us for a walk through our gorgeous green park
and celebrate our 64 years as an association!
Hear about our start as a modern 1950s suburb and
evolution into a wonderful inner-city community.

West Calgary Air Traffic Concerns Committee

A Summary of Assessing the Impact of Aircraft Noise in the Vicinity of Major Canadian Airports

This report, tabled by the TRAN Committee in Parliament on March 19th, 2019, takes a strong stance in support of communities affected by aircraft noise. The Canadian aeronautics industry is criticized for its culture of secrecy, absence of transparency and the outdatedness of its data. Of particular importance are the 16 recommendations which propose a sweeping change to how aircraft noise is dealt with in Canada.

With regard to noise exposure and tolerance, the TRAN Committee found that Canada lags far behind other countries in studying aviation noise and its effect on human health. Experts told the committee that Canada's Noise Exposure Forecast (NEF) does not reflect the latest scientific evidence on how human beings perceive and tolerate noise. Bob Sartor, the President of the Calgary Airport Authority, indicated that Calgary airport's noise exposure forecast model has not "moved" since 1972, despite greater densification around the airport. One study cited in the report concluded that there is sufficient scientific evidence of a relationship between exposure to aircraft noise and five areas of human health and wellbeing: community annoyance, sleep disturbance/awakening, hypertension, cognitive and academic performance of children, and speech and communication interference. A World Health Organization's (WHO) study also concluded that there is high-quality evidence of a link between aircraft noise and annoyance, which affects quality of life and is also a factor contributing to a wide variety of health outcomes.

The report contains 16 recommendations. Recommendation #6 affects West Calgary and requests that Transport Canada and Nav Canada study the implications of

shifting the west approach to outside of the western boundaries of the city. This reroute of the extremely busy Sarcee Corridor, which impacts our communities, could do much to improve our health and the quality of our lives. However, there are other very busy east-west routes above us which continue to impact communities with noise. Our issue has always been the convergence/intersection of concentrated flight paths (both arrivals and departures) above Ward 6/the riding of Calgary Signal Hill.

Other important recommendations include: rotating the use of runways, modernization of outdated noise metrics, the introduction of evidence-based noise mitigation measures, the implementation of WHO noise standards, the creation of an independent Aircraft Noise Ombudsperson, the support of research on the impact of aircraft noise-related annoyance on human health, a night flight policy review, and the installation of noise reducing equipment on aircraft as soon as possible.

Whether any of the recommendations come to fruition remains to be seen. Historically, aviation organizations have been slow to implement change and update their processes, but change is long overdue. We look forward to Ron Liepert, our M.P. and a member of the TRAN Committee which produced this report, following through on these recommendations and ensuring their implementation.

A copy of this report can be found at www.ourcommons.ca/Committees/en/TRAN. All questions and concerns should be directed to Ron Liepert: ron.liepert@parl.gc.ca, 403-292-6666.
