Now that is
some serious
Calgary soccer
pride.

AND WE'RE PROUD
TO BE IN THE GAME.

It's the start of another outdoor soccer season. And this year, it's fully public — the way it should be.

That's because Calgary council has asked your city workers to take over management and maintenance of the the Calgary Soccer Centre from private organizations.

And here's our commitment to you:

- A clean, efficient facility — where you feel comfortable taking your family.
- Saving you money — city council saw a public solution as the most cost effective; there will be no more spectator fees.
- A community asset — open and welcoming to clubs, players and families from across the city.

We think this is a pretty good game plan moving forward: Let's keep city recreation facilities public and working for all Calgary families.

Joey's Corner

If I'm to be completely honest, vegetables aren't really my favourite. I enjoy the occasional crunchy carrot, but would much prefer to chew on a bone. But I'm told they're good for you, and I have some ideas on how you can include more of them into your diet.

Why not start at breakfast? Throw some kale or spinach into your smoothie, or chop up peppers, onions, or whatever else you fancy and cook them in with your eggs. For any meals you are preparing, why not increase the amount of veggies you use? This is especially doable in soups, stews, curries, or stir-fries, just adjust the liquid and seasoning if necessary. Adding squash to a stew is a tasty one, but mushrooms, cauliflower, and zucchini are all great for this as they typically blend easily with the flavours you are cooking with. Zucchini is versatile in a variety of recipes. From burgers and meatloaf to cookies and loaves, grated zucchini is a great way to add moisture to your recipe by adding vegetables rather than oil. You can also squeeze more veggies into the sauces you are making, such as spaghetti sauce. And finally, have fun playing around with the vegetables you love, and take the opportunity to experiment with ones you've never used before. You can learn new techniques (the internet is always handy for this), and you never know what you'll come up with!

Zucchini-Oat Chocolate Chip Cookies

For those of you who read Joey’s Corner, this recipe is a way to sneak more vegetables into your diet – even when you feel like indulging!

- Ingredients:**
- 1 ½ cups flour
 - 1 tsp ground cinnamon
 - ½ tsp baking soda
 - ¼ tsp salt
 - ½ cup unsalted butter, softened
 - ½ cup granulated sugar
 - 1/3 cup packed light-brown sugar
 - 1 large egg
 - 1 ½ tsp vanilla extract
 - 1 ½ cups shredded zucchini
 - 1 cup quick oats
 - ¾ cup chopped pecans or walnuts
 - 1 2/3 cup chocolate chips

Method:

Preheat oven to 350°. In a mixing bowl whisk together flour, cinnamon, baking soda, and salt for 20 seconds, set aside.

In the bowl of an electric stand mixer fitted with the paddle attachment whip together butter, granulated sugar and brown sugar until creamy. Mix in egg and vanilla extract. Add zucchini and mix with mixer set on low speed, then slowly add in flour mixture. Stir in oats, walnuts and chocolate chips. If you would like, you can reserve 1/3 of the chocolate chips to press onto the tops of the dough balls before baking for a fancier look. Shape dough into balls, two tbsp each, then transfer to silicone or parchment paper lined baking sheets, spacing cookies two inches apart. Bake in preheated oven 11 to 14 minutes, until edges are lightly golden. Cool on baking sheet two minutes then transfer to a wire rack to cool completely. Store in an airtight container.

MLA CALGARY-ELBOW GREG CLARK

Leader - Alberta Party

calgary.elbow@assembly.ab.ca
Twitter: @GregClark4AB

Hello!

One of the things I enjoy most as MLA for Calgary-Elbow is learning about the organizations in the community that assist the people of Calgary and Alberta. There are great organizations that are building stronger community, helping us stay in shape, and helping our neighbours. This month things got even better when I was honoured to present some of these organizations with Community Facility Enhancement Program (CFEP) grant funds.

CFEP grants are in place to nurture the characteristics that make Alberta communities unique. Funds can be directed towards a study, capital project, or a special need that the organization may have, including building, renovating or upgrading facilities.

This year, in Calgary Elbow, several organizations were awarded Community Facility Enhancement Program grants.

In June 2013 the Elboya Heights Community Association hall was severely damaged by flood waters. Community Centres and clubhouses are the heart of the community, where neighbours come together for preschool programs, playgroups, senior's programs, community events, and indoor and outdoor sport. Unfortunately, since the flood, the residents of Elboya Heights have not had a place to participate in these kinds of activities. The association was awarded money under the grant program that will be directed towards rebuilding their hall.

Developmental Disabilities Resource Centre of Calgary is a non-profit, charitable organization that started their important work in 1952. They offer programs and resources for children and adults with disabilities, their friends and family, and other people in the community. They work under the belief that communities are stronger when people of all abilities are involved in activities that are meaningful to them. Funds provided will be used for facility renovations to allow DDRC to keep

offering these programs. To find out more about the organization, visit www.ddrc.ca.

Garrison Curling Club's mission is to create a great curling experience both on and off the ice. The club opened in the fall of 1961, and has grown since then to over 1,000 members and host to over 10 leagues. They have programs for new to experienced curlers. CFEP funds will be used for facility renovations to ensure the growing club is there for new members who enjoy the club's relaxed atmosphere and camaraderie. To learn more about the Garrison Curling Club, visit www.garrisoncurling.com.

I offer my congratulations to these organizations and thank them for making our community stronger. If you know of an organization or group that could benefit from a CFEP grant, please visit <http://culture.alberta.ca/community/community-grants/community-facility-enhancement-program/> to find out more!

We have a new website!

COUNCILLOR, WARD 11
BRIAN PINCOTT

www.ward11calgary.ca

As we move into spring, Calgarians will be out and about, moving around our city in different ways – walking, cycling, skating, transit riding, and driving. It's key that the city provide different modes of transportation to access different nodes in our city. The provision of different modes is also important so as not to overload one system of transportation.

The City of Calgary has identified and is acting on this need over the years through plans like the 2005 Imagine Calgary, the 2007 Plan It Calgary, the 2009 Calgary Transportation Plan, and the 2011 Route Ahead. From citizen feedback, we know that accessibility, reliability, efficiency and safety are paramount in providing and improving transportation options.

The City is currently embarking on a number of projects along the 14th street- Crowchild Trail corridor to address many of the transportation issues we face on a daily basis. The bottlenecks being addressed are at Crowchild Trail at the Bow River, the new connectors for the Ring Road, and the bit of 14th street south of Anderson Road which turns into Canyon Meadows Drive. Glenmore Trail between Crowchild and 37th street will also be widened soon, which will help traffic flowing over the Causeway.

While these projects are taking place, I have been working to ensure that pedestrians and cyclists still have the ability to move between our communities: greater vehicular infrastructure often makes it hard for those who don't drive, including youth and seniors, to move around on their own. The addition of pedestrian overpasses and bus routes will help to include everyone, and keep us all moving together.

We've got some exciting transportation projects in Ward 11. I'll be updating you on the progress of the 20th Street Bikeway project, the 50th Avenue Corridor Study, the Flanders / Crowchild Interchange construction, phase II of the River Park Redevelopment, and the new Anderson Pedestrian Bridge connecting Cedarbrae and Woodbine.

Lastly, this spring, my office will be hosting an information session on Little Free Libraries, as we've had many communities in the ward express their interest in putting them up! Please call 403-268-2430 or email ward11@calgary.ca if you are interested.

As always, you can contact me at ward11@calgary.ca or feel free to connect with me on Twitter @bpincott, or on Facebook at Brian Pincott, Councillor Ward 11.

On March 22nd, our government unveiled our first budget. This budget takes essential steps to grow the middle class and revitalize the Canadian economy. It reflects a new approach that puts people first and delivers the help that Canadians and Albertans need now.

For 30 years, we have seen the gap between rich and poor widen and the middle class shrink. To address this, we have introduced a middle-class tax cut, and raised taxes on the wealthiest one percent. The new Canada Child Benefit - which will put \$930M into the pockets of Albertan families - will lift hundreds of thousands of children out of poverty. When Canadians have more money to save, invest and grow the economy, everyone benefits.

It's been tough for Alberta over the last few years, and our government recognizes that. Alberta is facing unemployment levels we haven't seen in decades. The EI changes introduced last month will make a big difference for many families and individuals struggling with unemployment, many for the first time in their lives. EI benefits for Albertans will be extended in some instances to up to 70 weeks and wait times reduced. We have also increased federal transfers to the province by \$320M per year in addition to the \$251.4M provided by the fiscal stabilization payment.

The current economic trend is not Alberta's challenge, it is Canada's challenge, and we will meet it together.

With the introduction of this budget, we are beginning to address those challenges and will work with Provincial and Municipal leaders to identify priorities now, and opportunities in the months and years ahead. In our cities, we will invest in transit infrastructure, and Alberta municipalities will receive over \$300 million towards those investments over the next two years. We are also going to accelerate our investments in federal infrastructure projects, to create jobs, and to continue providing the services Albertans rely on from the federal government. This investment in Alberta will be over \$110 million over the next five years.

Finally, we know that global oil prices will stabilize and rebound, and we need to be ready when it does. That's why we are investing \$50 million over two years in research to develop Canada's hydrocarbon resources in cleaner, more sustainable ways. This will both reduce greenhouse gas emissions that contribute to climate change and make Canadian oil more attractive in the global marketplace.

Our new approach puts people first, and it invests in growing the middle class. It also reflects a belief that is the spirit of Alberta's rich history of innovation and collaboration. By investing today in our future we know Alberta and Canada's best days are ahead.
