This community public art project is part of the This Is My Neighbourhood program. The City of Calgary created This Is My Neighbourhood as a way to help residents identify how their community could become an even better place to live, work and play.

In partnership with The City, residents had the opportunity to develop a clear community vision that helped guide a list of requested City programs, services and small-scale infrastructure improvements within their neighbourhood.

This is my neighbourhood gives residents a voice and encourages them to take an active role in shaping the future of their neighbourhood. For more information visit: [Calgary.ca/TIMN](http://Calgary.ca/TIMN).

# Summer Day Camps at NGPCA

Thanks to a generous 'Learn to Play' grant from RBC, NGPCA was able to offer three weeks of summer day camps to nearly 90 children between the ages of 6 and 12. Our mission was to provide an outstanding experience for the campers while teaching them FUNdamental movement skills. The goal was to provide lessons in physical literacy, giving kids the tools to be more confident in their ability to play, and to encourage them to be active for life.

Campers had the opportunity to participate in an art camp or multi-sport camp. During the 'art escape' week, campers did papier mache, took an 'art walk', sketched, created masks, learned stencilling for graffiti art, and displayed their work at an art show. In addition, they played lots of active games, did yoga, and went swimming at Glenmore Aquatic Centre.

During the multi-sport weeks, campers participated in a variety of activities including pickle ball and swimming. They even had the opportunity to experience dragon boating at the Calgary Canoe Club.

The feedback from campers and their parents was very positive and we look forward to next summer's camps! A special thanks to RBC for making these fun summer weeks possible for children in our community.

**PHOTO CAPTION:** One of the beautiful finished products from 'Art Escape' camp.

## EDIBLE SIX-PACK RING

The first fully edible beer can packaging has been made from by-products of the brewing process such as wheat and barley, their six-pack holders are fully biodegradable and completely digestible. Rather than ensnaring curious animals in a corset of litter, the company's six-pack rings could serve as a satisfying snack. And if nothing is biting, the rings quickly decompose.

**Changes to Employment Insurance (EI)**  
Employment Insurance provides economic security for Canadians when they need it most. For Canadians who have lost their jobs, or who must take time away from work to care for a new baby, an ill or injured loved one, assist aging parents, or get skills training – they should have the support they need and have earned - to make ends meet.

Our Government is committed to helping the middle class and those working hard to join it. During the 2015 election my colleagues and I committed to reforming Employment Insurance and to addressing gaps in the program that were leaving many Canadians without needed assistance during difficult times. The Government of Canada has kept its promise by improving the EI system across the country. Here's how:

We have extended regular benefits in 15 priority regions that have experienced the sharpest and most severe increases in unemployment due to downturn in commodities.

We are repealing the unfair rules enacted in 2012 which forced unemployed workers to commute further and take lower-paying jobs.

We're ending the 910-hour eligibility penalty for workers entering or re-entering the workforce, thereby stopping the discrimination that makes it harder for our most precarious workers – such as parents returning to the workforce, younger workers, people who have left the workforce due to illness, and new Canadians – from accessing the benefits that help them get back to work;

These changes were made so that the people of Calgary Centre, Alberta - and Canadians right across this country have access to help when they need it most. During challenging economic times, Employment Insurance must be available to help people in our communities get back on their feet. This program is an anchor of economic security for Canadian workers and we are working hard to ensure a system that is reliable, will help grow Canada's economy, and makes a real difference in the lives of people in Calgary and across the country.

As always, you can contact my office by email at kent.hehr@parl.gc.ca or by phone at 403-244-1880. My office is located at 950 6 Ave SW and my door is always open to you. September is here and students are back at school!

**School Zones**

Now is a good time to remember that school zones to have been converted to playground zones. This means speed restrictions are in place year round, so there is no need to question whether or not you are required to slow down. Playground zone speeds of 30 km/h are in effect daily, year-round from 7:30 am to 9:00 pm. As kids return to school it's important to be extra-cautious around schools and remember to respect school patrollers and any additional posted signs around schools.

**School Fees**

Back to school can be a costly time. Parents or guardians experiencing financial difficulties are encouraged to speak to their school principal, or visit the Calgary Board of Education site at [www.cbe.ab.ca](http://www.cbe.ab.ca) or the Calgary Catholic School District at [www.cssd.ab.ca](http://www.cssd.ab.ca), for information on waiving school fees.

I will also continue to push the government to live up to their promise of eliminating school fees. I strongly believe that a public education should be accessible to all, and school fees that can exceed \$750 per student are a huge burden for many parents, especially in challenging economic times. In addition to contacting your school board, please contact my office if you have concerns and we will do what we can to help.

**Brown Bagging It for Calgary's Kids**

Brown Bagging for Calgary's Kids is an amazing organization that works in partnership with Calgary schools to make and deliver over 3,000 free, healthy lunches every day for students who would otherwise go hungry. BB4CK works with school staff to identify hungry students, and help ensure they receive the nutrition they require to perform in the classroom. To get involved with or donate to this great organization, visit <http://bb4ck.org>.

**Updating Alberta's curriculum**

Beginning in September 2016 Alberta Education will start work on new curriculums for Alberta schools. Work will be done on six subject areas: Arts, Language Arts, Math, Social Studies, Sciences, and Wellness. Below is informa-

tion provided by the Alberta Government in a recent news release with some background on the initiative.

- New curriculum will be developed for Kindergarten to Grade 4 by late 2018. That will be followed by Grades 5 to 8 in late 2019. After that, our high school curriculum will be developed in phases from 2020 to 2022.
- Current curriculum remains in effect until new curriculum is implemented.
- New curriculum will contain an explicit focus on the development of learner outcomes that support and reinforce 21st-century competencies across curriculum as well as literacy and numeracy.
- Support for First Nations, Métis and Inuit student learning, as well as the inclusion of Education for Reconciliation, which includes ways of knowing and diverse perspectives, will be reflected in future K-12 curriculum

Albertans will be asked to provide feedback on the development of the curriculum through face-to-face meetings and online surveys. Watch my website at [www.calgaryelbow.ca](http://www.calgaryelbow.ca) to find out how you can provide your input, and feel free to get in touch any time if you have questions or ideas you would like to share.

Another summer has come and gone. I hope you enjoyed all it had to offer in and around our city. The City of Calgary and our Community Associations held many great events to get out moving and socializing like the Canada Day celebrations in the downtown, Stampede breakfasts, festivals, and mobile skateparks.

Council is back in session after the August break, along with all Councillor appointments to special committees. I'm involved in many facets of City and partner functions, and I love these opportunities to work with great organizations and make positive changes. Here's a bit about what I have been and will be up to. I sit on two Standing Policy Committees: on Community and Protective Services, and on Transportation and Transit. I also serve on Audit Committee and the Intergovernmental Affairs Committee.

I am on the board of Attainable Homes Calgary Corporation (AHCC), Calgary Housing Company (CHC), and the Calgary Homeless Foundation (CHF). These three committees represent the continuum of ensuring Calgary's citizens are able to address their housing needs. By helping to create strategies to get Calgarians into homes, stay sheltered if they face physical or financial hurdles, and move out of the system and into home ownership, I am able to recommend policy proposals which make sense within the larger picture.

My work on the boards of Family and Community Support Services Association of Alberta (FCSSAA), and the

Federation of Canadian Municipalities (FCM) allows me to guide municipal policy development in conjunction with initiatives at the federal and provincial levels, and vice versa. FCSSAA meetings take me up to Edmonton once a month and FCM meetings take me all over Canada every few months to meet with colleagues in other Canadian municipalities. With FCM, I am the Chair of the Executive Committee, on the Governance Committee, part of the Prairies and Territories Regional Caucus, on the Standing Committee on Environmental Issues and Sustainable Development, the Chair of the network of francophone municipalities, the Standing Committee on Increasing Women's Participation in Municipal Government, Chair of the Standing Committee on Social-Economic Development, on the National Municipal Energy Infrastructure Task Force and the Governance Representative for Haiti projects.

The City of Calgary is the sole shareholder of ENMAX (while the City "owns all the chips", it doesn't play them). In my role on the ENMAX Board of Directors, I am really excited about the future possibilities of electrical distribution. ENMAX is a separate legal organization, and pays the City of Calgary dividends when able. I prefer that the City use these dividends for re-investment, such as into the ENMAX Legacy Parks Fund. This is the funding mechanism behind the Sandy Beach/River Park rehabilitation project.

I also act in an advisory capacity to the BiodiverCity Advisory Committee, the Climate Change Action Advisory and the National Zero Waste Council. Healthy native flora and fauna populations give our city increased resilience in the face of climate change. Especially at the municipal level, it's important to address waste, and the real cost of waste to both the municipality and our environment.

I also serve on the Calgary Arts Development Authority board. Besides my past involvement in and love of the arts community, there is a real economic argument for the arts that we as a City need to support.

As we gear up for a busy fall, be sure to subscribe to your Ward 11 update at [www.ward11calgary.ca](http://www.ward11calgary.ca) to receive an email or two a month letting you know about important happenings in your community and city.
