IN & AROUND CALGARY

Back to School safety

Alberta Health Services EMS would like to remind parents and children about a few road safety tips, as streets become more congested, with the return of the school year. Pedestrians and motorists both have an important role to play – road safety is a shared responsibility.

Motorists

- Avoid talking on a cell phone, texting, or any other behaviour that diverts your attention away from driving;
- Give right-of-way to pedestrians who have activated overhead crossing lights, or who are waiting to cross from a street corner;
- Remember, it is illegal to pass vehicles - other than those that are parked - in school, or playground zones, during posted hours.

Around school buses

- Flashing amber lights mean a bus is slowing down to stop – motorists should do likewise;
- No matter which direction you are coming from, STOP, when approaching a school bus with activated flashing red lights – unless the bus is on the opposite side of a divided highway from you;
- Driver courtesy goes a long way. By simply being alert and cautious when approaching a school bus, you are contributing to school bus safety.

Pedestrians

- Cross only at marked crosswalks, or street corners that have clear visibility from all directions;
- When activating overhead crossing lights, pause and make eye contact with all drivers before stepping off the curb. This is to ensure that motorists in both directions have seen you and come to a complete stop;
- Stay within the crosswalk lines until fully clear of the roadway;
- Obey pedestrian lights at intersections. Cross the street only when you see the “walk” sign and only when all vehicles have come to a complete stop;
- If you are with young children, or pets, hold your child’s hand firmly and keep a solid grip on leashes when crossing;
- Remember: children learn by observing. By demonstrating safe crossing habits, you can reduce the chances of your child being involved in a preventable auto/pedestrian collision.

Dear Constituents:

As we transition to autumn, I hope all of you were able to make the most of summer and get ready for the new school year and upcoming ventures. It was a great time for myself to do a self-reflection and I want to ask yourselves about the best possible ways I can best serve you as your MLA. I would be delighted to learn about how I can be the best I can be as the MLA representing you. Therefore, please contact me at the contact information provided to share your thoughts and suggestions. I look forward to having your feedback.

I, your MLA along with the government have been working very hard to create jobs in Alberta and boost our province's economy. The collapse in oil prices has caused economic pain and anxiety throughout the province. For this reason, in this newsletter I would like to share information about the **Alberta Jobs Plan** in-depth.

Another summer has come and gone. I hope you enjoyed all it had to offer in and around our city. The City of Calgary and our Community Associations held many great events to get out moving and socializing like the Canada Day celebrations in the downtown, Stampede breakfasts, festivals, and mobile skateparks.

Council is back in session after the August break, along with all Councillor appointments to special committees. I'm involved in many facets of City and partner functions, and I love these opportunities to work with great organizations and make positive changes. Here's a bit about what I have been and will be up to. I sit on two Standing Policy Committees: on Community and Protective Services, and on Transportation and Transit. I also serve on Audit Committee and the Intergovernmental Affairs Committee.

I am on the board of Attainable Homes Calgary Corporation (AHCC), Calgary Housing Company (CHC), and the Calgary Homeless Foundation (CHF). These three committees represent the continuum of ensuring Calgary's citizens are able to address their housing needs. By helping to create strategies to get Calgarians into homes, stay sheltered if they face physical or financial hurdles, and move out of the system and into home ownership, I am able to recommend policy proposals which make sense within the larger picture.

My work on the boards of Family and Community Support Services Association of Alberta (FCSSAA), and the Federation of Canadian Municipalities (FCM) allows me to guide municipal policy development in conjunction with initiatives at the federal and provincial levels, and vice versa. FCSSAA meetings take me up to Edmonton once a month and FCM meetings take me all over Canada every few months to meet with colleagues in other Canadian municipalities. With FCM, I am the Chair of the Executive Committee, on the Governance Committee, part of the Prairies and Territories Regional Caucus, on the Standing Committee on Environmental Issues and

Sustainable Development, the Chair of the network of francophone municipalities, the Standing Committee on Increasing Women's Participation in Municipal Government, Chair of the Standing Committee on Social-Economic Development, on the National Municipal Energy Infrastructure Task Force and the Governance Representative for Haiti projects.

The City of Calgary is the sole shareholder of ENMAX (while the City "owns all the chips", it doesn't play them). In my role on the ENMAX Board of Directors, I am really excited about the future possibilities of electrical distribution. ENMAX is a separate legal organization, and pays the City of Calgary dividends when able. I prefer that the City use these dividends for re-investment, such as into the ENMAX Legacy Parks Fund. This is the funding mechanism behind the Sandy Beach/River Park rehabilitation project.

I also act in an advisory capacity to the BiodiverCity Advisory Committee, the Climate Change Action Advisory and the National Zero Waste Council. Healthy native flora and fauna populations give our city increased resilience in the face of climate change. Especially at the municipal level, it's important to address waste, and the real cost of waste to both the municipality and our environment.

I also serve on the Calgary Arts Development Authority board. Besides my past involvement in and love of the arts community, there is a real economic argument for the arts that we as a City need to support.

As we gear up for a busy fall, be sure to subscribe to your Ward 11 update at www.ward11calgary.ca to receive an email or two a month letting you know about important happenings in your community and city.
