It can take some time for many young children to get into the routine of using a toilet.

By Doug N Horner, Alberta Health Services

Making the switcheroo from diapers to the toilet is a big. albeit sometimes messy, milestone for children and parents alike. For toddlers, learning to use a toilet is about being ready, controlling muscles and getting acquainted with an enormous porcelain artifact that makes loud and unpredictable gurgling noises. The toilet can appear to children as a powerful, portal-like device—many fear getting flushed into oblivion.

As toddlers are learning to exercise control, parents wrestle with a lack of control. Petra Debow, a parent educator with the Family Centre in Lethbridge, suggests that patience sets the foundation for a potty-positive experience.

"Most children learn to use the toilet between the ages of two and three," says Debow, adding that every child learns at their own pace. Wait for your child to be curious about the toilet and to be aware they're peeing or pooping.

Catherine Young—a nurse and mother expecting her third child in February—says her first two children's education in toileting began only "when they had an interest in it and they seemed ready." Toddlers will also express discomfort at having a soiled diaper. In many respects, the bathroom becomes a realm where the child takes the lead.

Attentiveness is crucial for parents. Watch for clues that your child needs to go, such as stopping what they are doing, fidgeting or saying: "Oh, oh." But parents also need to feel prepared. Debow recommends setting aside time. If you have relatives visiting, a big deadline at work or are in the middle of a kitchen renovation, you may want to wait. There's no need to rush.

"Prepare yourself mentally and put all the other things aside for a couple of weeks until it's dealt with." Debow says.

Plan to help your child with this developmental leap when you can be enthusiastic and supportive about the trek from diaper to toilet.

Young says she also borrowed several books from her local library—she recommends Once Upon a Potty by Alona

Frankel in particular—after her kids showed interest in the toilet. She and her husband

also made the bathroom more familiar and less intimidat-

It can take some time for many young children to get into the routine of using a toilet, explains Debow. And staying dry at night often takes longer.

If you and your child try toileting for two weeks and make little progress or your child is resisting, Debow suggests a break. "You don't want to push it so it turns into a negative

Happy March Ward 14!

Spring is just around the corner, and I assume for most of us it is a welcome change. There is a lot going on this spring, so I am going to spend this month's edition of my column gearing up for the new season.

Ward 14 Traffic Safety Meeting

May 4 from 5:30 p.m. to 8 p.m. is a date you should save, especially if you are interested in traffic safety. City administration, the Calgary Police Service (CPS), and I will be at the Mid-Sun Community Centre to talk with you about what we can do to improve traffic safety in Ward 14. Both City Administration and CPS will be using this to inform their decision-making, so I encourage you to come. Stay tuned for more details next month.

Street sweeping primer

Okay, I admit this is pretty early to start talking about street sweeping. But this is Calgary, and you never know what weather you will get. In fact, last year we got a very early start on street sweeping. You can just never be too sure.

The main point I want to make is to keep an eye on the website calgary.ca/sweep over the next couple of months. That is where you will find details about the City's spring cleaning program. If we are all aware of what is going on, and take a few easy steps to make the process go smoothly, we can save everybody a lot of time and money.

Civic census & voter registration online starting

Keep an eye on your mailbox during late March. You will be receiving your access code. It will allow you to complete the census and your voter registration online. They will both be accessible online on April 1.

The data that the City receives from the census is indispensible for decision-making, and the benefits of preregistering to vote are obvious. But there is another very good reason to fill-out your census, and register to vote online: it saves taxpayers money! I hope you give online registration a try this year. Those types of advancements really help to cut costs and streamline processes. But whether you do them online or in person, the important part is to make sure you perform these two essential civic duties!

March Counciltalk

Counciltalk keeps rolling along! The discussions continue to be great. This month Counciltalk will be at the Southview United Church in Walden located at 202000 Walden Blvd S.E. I will be there on Saturday, March 18 from noon to 2 p.m. You can visit calgary.ca/counciltalk for details of the full Counciltalk schedule, and you can sign up to receive reminders for Counciltalk and other important Ward 14 news at calgary.ca/ward14connect.
