SILVERADO COMMUNITY ASSOCIATION

Hello Silverado,

We are coming up to the end of the year and have one last event in store for you! Saturday, December 9th is the annual gingerbread decorating event at Sobeys. Please check our Facebook page and our website (silveradoca.ca) for more details.

Did you enjoy all the events we hosted through the year? Those events can't happen without the wonderful volunteers from our community. If you are interested in volunteering, please email info@silveradoca.ca to be put on our volunteer list. Even if you can only volunteer for one hour at one event, we would love to have you on board!

As winter comes upon us, so comes the annual reminder to ensure your sidewalks are cleared after a snowfall. It is your responsibility to remove any snow and ice from your property within 24 hours after a snowfall. Our sidewalks are well used in Silverado so please do your part to ensure a safe walking path for everyone. You can also consider becoming a "Snow Angel" by helping neighbours in need, especially seniors, with snow removal this winter. Take a few extra minutes when shovelling your own sidewalk to shovel a neighbour's sidewalk and to help keep them clear, ice-free and safe!

Thank you,
Silverado Community Association

REMEMBRANCE

Canada observes the tradition of Remembrance Day on the eleventh hour of the eleventh day of the eleventh month. Other nations observe a solemn day but at different dates. For example, ANZAC Day is observed in New Zealand on April 25. In South Africa, Poppy Day is marked on the Sunday that falls closest to November 11.

CCSD BOARD OF TRUSTEES

Learn more about your *Calgary Catholic School District Board of Trustees!*

Faith formation is a priority at the Calgary Catholic School District (CCSD). To guide us in our faith journey, we have an annual faith theme. For the 2017-2018 school year, we have introduced a new three-year faith theme –“Ask, and it will be given you; search, and you will find; knock, and the door will be opened for you.” (Matthew 7:7)

This year, we will focus on the first part of the theme, “Ask, and it will be given you.” This theme speaks to the power of faith and prayer. Fostering a faith relationship with God through prayer is part of the ongoing work of Catholic education, as it is through prayer that we come to know God’s abundant love and mercy for us, are helped to become all that God wishes us to be and learn to live and act in God’s abiding presence.

Faith formation remains one of our four district priorities this year, as well as student success, student wellness and success for First Nations, Metis and Inuit students. Together with our district administration, we will focus on our faith theme, as well as our district priorities. We are thankful to our district administrators, teachers and staff; we know that through working together we can meet these priorities and help our students succeed.

In recognizing the value and importance of Catholic education, we encourage our community to celebrate Catholic Education Sunday at their local parish on November 4-5. During this weekend, there will be a special collection at each mass, with some funds going to the Calgary Catholic Education Foundation (CCEF). The CCEF is a charitable organization that provides grants to support innovative programs and projects that touch the lives of students in our schools. We thank the CCEF for their support in providing enhanced educational opportunities for Calgary Catholic students and we look forward to celebrating the wonderful work that takes place throughout our province in Catholic schools.

RESIDENT PERSPECTIVES

Treating the Litterbox Blues

By Jennifer L. Scott, D.V.M.

A cat missing the litterbox or refusing to use the litterbox is easily the first, second, and third most common reason a cat owner will seek out veterinary advice. Unfortunately, if not successfully treated, it is also why an owner may elect to euthanize or rehome a pet cat. Effective treatment with a single simple solution is often difficult.

Seeking help for inappropriate urination early is critical. What started as a medical problem can become a habit the longer the cat continues to urinate outside the litterbox, then treatment becomes more complicated. Minimal medical workup should include physical examination, bloodwork and urinalysis, and radiographs of the bladder. Radiographs or x-rays will also allow evaluation of a cat's bones for arthritic changes. Back pain may make a cat avoid stepping into the box and being squeezed into uncomfortable shapes. Very old cats may have some cognitive problems.

Basic management to try and treat cats peeing and/or pooping outside the litterbox starts with keeping the litterbox clean. Use a litterbox that is one and one-half times the length of the cat from nose to base of the tail. Try uncovered and covered litter boxes, if possible. Try cutting a second hole at the other end of the litterbox cover. Keep the litterbox out of high traffic, noisy, drafty areas and provide a little light, especially for elderly cats. Older cats may also need a slightly lower entrance if it hurts to step into the box. Long-haired cats may need hair between the toes and around the rear end trimmed.

Get creative. Try different kinds of litter in boxes, and avoid perfumed litters. Try moving the litterbox to a

new location. If the cat had a painful infection or bladder stones, it may associate the current location with pain when he urinated. A litterbox by a furnace that turns on now and then with a loud roar is not the best location.

Rule of thumb in multiple cat households is to offer one more litterbox than the number of cats. If there is conflict between cats in the household it may need to be addressed. If the cat is marking around windows and doors because it's seeing cats outside the house, that may require action to prevent the cat seeing out of that window or door. Marking territory and anxiety are two of many underlying reasons a cat may eliminate outside the litterbox.

Appropriate medical treatment can be started if your veterinarian finds a medical reason. Behavioral causes are much more complicated. Veterinarians stock two products sold over the counter which can be plugged into the wall to release a pheromone into the air which may reduce anxiety and competition between cats. There is also a veterinary diet called Calm diet, which many of my clients have had success with. There are many effective anti-anxiety drugs on the market today to treat cats, as well as some alternative treatments. In most cases, more than one tool needs to be utilized and finding the combination of effective tools can be a journey before success is achieved.

Over the last few decades, the veterinary profession has become more successful at treating inappropriate elimination in cats, but still treating difficult cases demands a huge commitment and partnership between pet owner and veterinarian.

Breast Cancer Screening

Every October during breast cancer awareness month, women are reminded to get checked for breast cancer. That's because breast cancer is still a problem in Alberta and the most common type of cancer for women. In fact, 1 out of every 8 women will be diagnosed in her lifetime. And each day a woman in Alberta will die from the disease. But breast cancer doesn't have to be a death sentence. If we can catch it early, we can treat it and beat it.

Screening mammograms are a way to do just that. Using special x-rays of the breast that check for signs, they can help find breast cancer 2-3 years before it can be felt by a woman or her doctor. Mammograms are the best test we have for breast cancer, and the only test that has been shown to lower the chance of dying by 30%. Thanks in part to screening mammograms, most women (almost 90%) are now surviving breast cancer.

Should you get a mammogram? Women 50 to 74 should plan to have a mammogram once every 2 years, and can self-refer. Women in their 40s can speak to their doctor, and get a referral for their first screening mammogram.

Screening mammograms are available at many clinics in Alberta. To find the closest screening mammography centre near you, call Health Link at 811 or Screening Programs at 1-866-727-3926.

Screen Test is a service that brings free screening mammograms to rural communities with two mobile clinics. To find out when the next clinic is in your area, call 1-800-667-0604 (toll free).

What else can you do to prevent breast cancer? You can talk to your doctor about your family history of breast cancer and know your risk. Know how your breasts normally look and feel, and get them checked if you find anything unusual. And of course, a healthy lifestyle is important. Limiting alcohol, smoking and drinking can also help lower your risk.

Prevention is the best protection. A screening mammogram can save your life. Get a screening mammogram in October.

Please join us for this free event featuring guest speakers, representatives from peace and justice organizations and 10,000 Villages.

November is an annual event held every November to raise awareness for men's health issues, such as prostate cancer, testicular cancer, and men's suicide. Men show their support by not shaving for the duration of the month.

YOUR CITY OF CALGARY

November is Adopt-a-Senior-Pet Month

The City of Calgary's Animal Services is proud to feature their Seniors-for-Seniors adoption program during 'adopt-a-senior-pet' month. The program's focus is to connect mature dogs and cats with owners who are 60 and over. Through this, a 60% adoption fee discount is offered to seniors when adopting a senior animal (age 7 or older).

Senior cats and dogs, while mature and well-socialized, are often overlooked by adopters because of their age. However, when well cared for, senior animals can be a source of love and companionship for many years to come. Ideally, the owner and pet will complement the lifestyle and pace of each other.

The program's goal is to enrich the lives of both pets and people. The adopter can benefit from reduced loneliness, increased opportunities for exercise, socialization and companionship. Owning a pet also has added health benefits (such as lowering blood pressure and cholesterol).

To inquire about adopting a senior pet, please visit www.calgary.ca/adoptapet.

The month of September was a busy one for me, speaking to concerned constituents about traffic in south Cranston, school playground funding and Bill One issues with bussing and bell times. I continue to work with parents and Ministers offices in this regard. Please continue to contact my office with feedback so I can be your voice in the legislature and do my best to resolve your issues.

The Cranston 212th interchange has begun construction. This project is an equal cost-share between the Government of Alberta, the City of Calgary and a consortium of developers led by Brookfield Residential. This project will allow for the development of land in Seton, Rangeview and Cranston. It will also greatly improve access to the South Health Campus and additional emergency services, the eventual terminus station for the Green Line LRT, and to commercial and office areas. The interchange will relieve the current morning traffic nightmare leaving south Cranston and allow constituents to exit the community in a timely manner.
